Introduction

PURPOSE OF THIS HANDBOOK*

The information contained in this document is a general description of the policies and procedures of Match Charter Public School (“Match”) relating to students and families as of the time of publication. All information contained herein applies retroactively and supersedes and replaces any older versions of the Student and Family Handbook (the “Handbook”) and the policies contained therein. This Handbook is for informational purposes only and it does not create a contract between you and Match, nor does it bind Match to any specific actions. Match reserves the right to modify, revoke, suspend, terminate or change any or all of these policies, and to determine the applicability and interpretation of any policy in particular situations as they occur. The up-to-date version of the Handbook will be posted on the Match website and a copy will be provided upon request, and parents will be informed of any substantial changes to the Handbook.

As used herein, except as otherwise defined in a specific policy, the term “parent” or “parents” shall mean a student's father, mother, or legal guardian, as applicable.

All parents are required to read this Handbook and sign and return the accompanying Acknowledgment Form.

MISSION STATEMENT*

The mission of Match is to prepare Boston students to succeed in college and beyond, in particular, those who would be the first in their families to earn a college degree. We intend for this school to serve a large number of English language learners.

MULTILINGUAL LEARNER PROGRAM VISION*

1. **LANGUAGE-** We believe that ALL scholars are academic language learners and all teachers are academic language teachers.
2. **MORE THAN A SCORE-** We believe that our multilingual scholars are MORE than just a score on the ACCESS Test or the ELD level that they have been assigned. We believe that all of our scholars come from rich cultural backgrounds and come with unique resources and experiences that we can leverage in our teaching every single day.
3. **CO-TEACHING MODEL-** We believe in using the co-teaching model to serve our multilingual scholars. In this model, two or more teachers share responsibility for teaching scholars, planning instruction, and evaluating scholar progress. We believe that co-teachers must collaborate to implement The Sheltered English Instruction Model successfully.
4. **PULL OUT SUPPORT -** We believe that pull out support is provided to scholars when it is determined that they need more intensive language teaching beyond what can be provided in the classroom.
5. **SCAFFOLDING-** We believe in scaffolding and supporting lessons to ensure our scholars can do the most important thinking and work in the lesson. We only provide scaffolds when they are necessary.

6. **DATA-** We believe in using a diverse set of data points to inform our scaffolds, supports, and instructional decisions.
7. **FEEDBACK-** We believe in giving our scholars regular, individualized feedback on both content and language. We believe in giving feedback to our teammates about how to better teach content and language.
8. **URGENCY-** We believe our work is urgent and important. We believe in adjusting our practice every day through coaching and collaboration to do what is best for our scholars.

SCHOOL CULTURE

Our school culture is characterized by the following phrase: **High Expectations, High Support**. We have high expectations for our students' character development and academic achievement, and we work relentlessly to help our students meet those ambitious goals.

As educators we are responsible for setting, modeling, and upholding our schools culture. This includes the way we see, interact with, and educate our students. Through consistent and aligned coaching strategies will begin the work of creating a joyous, comfortable and rich learning environment for our students, in which they view themselves as capable and urgent owners of their learning.

There are three key beliefs that we expect our staff to embrace in order to create and maintain this High Expectations, High Support school culture.

Belief #1: We must constantly strive to know our students—and ourselves. We begin with this belief because it's where the journey of every educator and every school should start: deeply knowing our students and their communities. That means we must strive to understand, value and celebrate the rich cultures that shape our students' identities. And at the same time, we need to understand and respond to the adversity that far too many of our students experience in the world around them. We equip our staff with the level of cultural awareness and self-reflection that will allow them to build trust with the students and families they serve, so we can, in turn, challenge our students to take the risks that are necessary to meet high academic expectations.

Belief #2: Kids meet the expectations that we set for them. The few who don't, due to lagging skills, get extra support. The underlying premise of this belief is that all students want to succeed in school, both behaviorally and academically, but some arrive with more capacity to do so than others. We embrace the belief that when students are struggling behaviorally, it is our obligation to not just give them consequences, but also to build the skills that they need to successfully meet our expectations. Our teachers, deans and social workers will partner with families to equip students with the tools and mindsets that they need to achieve their academic goals in school.

Belief #3: School Culture is everyone's responsibility. All of the educators in our school need not only to understand and implement systems of rules, rewards and consequences. They also need to strive to understand the **why** that underlies student behavior, and not just the **what**. We work to develop staff whose mindset is to be "curious, not furious" when students aren't meeting our behavioral expectations. That requires constant reflection on the root causes of challenging behavior, and a recognition that just responding with consequences is often not going to solve a student's underlying problems. Instead, understanding the "why" will push us to creatively and collaboratively problem solve and intervene when a student is struggling. This is the responsibility of every adult who works for Match.

School Policies and Procedures

1 NON-DISCRIMINATION AND HARASSMENT*

Match prohibits any form of discrimination, intimidation, threat, coercion, and/or harassment on the basis of race (including natural or protective hairstyles historically associated with race), color, national origin, creed, sex, gender identity, ethnicity, sexual orientation, mental or physical disability, age, ancestry, athletic performance, special need, proficiency in the English language or academic achievement, homelessness or any other consideration made unlawful by any federal, state or local laws or regulations.

In addition, harassment by employees, students, vendors, volunteers and other individuals at Match or at school-sponsored events is unlawful and is strictly prohibited. Match requires that all employees, volunteers and students conduct themselves in an appropriate manner with respect to all members of the school community. For the policy on and procedures around non-discrimination and harassment, including sexual harassment, please refer to the Non-Discrimination and Harassment Policy (Exhibit A) and the Sexual Harassment/Title IX Policy (Exhibit M).

2 BULLYING PREVENTION PLAN*

Match is committed to providing a safe educational environment for all students and strictly prohibits bullying, including cyberbullying. Match employees and volunteers are required, and all members of the school community (including families and students) are strongly encouraged to immediately report any instance of bullying or retaliation of which they are aware. For more information about the bullying prevention policy and reporting procedures, please refer to the Bullying Prevention Plan (Exhibit B). For more information about internet safety, please refer to the Acceptable Use Policy (Exhibit H).

4 ATTENDANCE POLICY*

All students should be in school on a daily basis in order to make academic progress. Regular attendance in school is required by Massachusetts law for all persons between the ages of 6 and 16 and is an essential component of a student's personal, social and emotional wellness and academic success. It is the shared responsibility of each student, the student's family, and Match to ensure that the student attends school each day, other than in extraordinary circumstances. Parents should be fully aware that when they enroll their children at Match, they are committing to following the academic calendar, and that family vacations and other events or activities should only be scheduled during designated school breaks. When a student is in school, the student must attend all scheduled classes.

A student must be at school, at a school related activity (e.g., field trip), or receiving academic instruction for at least half the school day to be counted as present. Classroom teachers take attendance and the school maintains this documentation and periodically shares it with parents. Match will provide tools to help staff understand their roles with respect to student attendance and to facilitate tracking, monitoring, and following up when students are absent.

Match must be notified before the start of the school day of a student's absence. If a child is to be dismissed from school early, a note from the parent is required. If a student is absent from school and Match personnel has not been informed by the designated time, a staff member will call the parent at the telephone numbers provided by the parent to inquire about the absence. The principal or its designee shall communicate with other school staff who are engaged with the students such as the classroom teacher, student support team and special education team about the student's absenteeism. If a student has at least five (5) days in which the student missed two (2) or more periods unexcused in a school year or who missed five (5) or more school days unexcused in a school year, Match will notify the parents and make a reasonable effort to meet with the parents to develop action steps for student attendance, which shall be developed jointly by the principal or designee, the student and the parents, with input by relevant school personnel.

If a student is absent for ten (10) consecutive days during the school year, the principal or the principal's designee will investigate to identify and address factors contributing to chronic absences and to assess whether the student intends to return through multiple reasonable efforts, including but not limited to an attempt to contact the parent by phone, email, through certified mail and/or by a home visit. If there has been no successful contact between the parent and the school to explain the absences, that student may lose the student's seat at Match and may be considered un-enrolled from the school.

If a student fails to attend school at the beginning of the school year and there is no successful contact with the student or parent despite reasonable efforts made by Match, the student will be unenrolled from Match on or about October 1 of the school year.

In addition, if a student exceeds 20 absences in any school year, Match may choose to retain the student. This decision is up to the principal or the principal's designee.

Match keeps accurate records of attendance and will make the records available for inspection by the Department of Elementary and Secondary Education, as necessary. Failure to attend school, except under extraordinary circumstances, may result in school personnel contacting certain state agencies or filing an official complaint with the appropriate court.

Please note that students are afforded rights under Section 504 of the Rehabilitation Act ("Section 504"), the Americans with Disabilities Act ("ADA"), and the Individuals with Disabilities Education Act ("IDEA") should their absences be related to a disabling condition.

5 TARDY AND EARLY DISMISSAL PROCEDURES

Students are marked late if they arrive at school after the 8:20am bell has rung. Students who arrive late to school are expected to check in at the Front Office before reporting to class. If late to class, families will be informed of their child's tardy by an automated call.

An unexcused tardy is defined as any tardy not excused by a medical note or a moderate to severe travel alert on the MBTA website.

If a student needs to leave early for a family emergency or medical appointment, we ask families to either call to inform the front desk or send a note with their child to confirm the time and date of the early dismissal. Students are expected to sign out at the front desk prior to their early dismissal.

Excused/ Unexcused Absences and Tardiness (based on the BPS Attendance Policy)

- A student must attend school for at least a half-day to be marked "present." Students must either arrive at school by lunchtime or depart no earlier than fifth period.
- Early Dismissal
 - A student must be in school for the duration of the school day. Early dismissal should only occur in the event of an emergency. A note should be provided to school administrators to verify and approve the reason for the early dismissal.
 - If a student is not excused for an early dismissal, they will accrue Extended Learning Hours for the time out of the building.
- Excused Absences/ Tardies
 - Certain absences/ tardies may be excused. However, it is important to know that all missed instructional time negatively impacts student outcomes. Students must bring a note after each day they are absent and make sure the front desk receives it. The note must include the date absent, the reason for the absence, a phone number for the parent or guardian, and the parent or guardian's signature. Notes must be shared with the Front Office within 5 school days of the excused absence
 - Students may make up the work they missed during excused absences.
 - Excused absences/ tardies may include:
 - an illness or injury that prevents the student from attending school. The illness or injury must be verified by a healthcare provider, school nurse, or parent
 - death in the immediate family (parent, sibling, grandparent, aunt, uncle, cousin; please provide a copy of the funeral program) or other significant personal or family crisis
 - court appearances
 - medical or psychological tests during the school day. The parent must show evidence (such as a note from the health center) that the tests could not be scheduled after school.
 - religious holidays
 - visits to special education schools for students with disabilities
- Unexcused Absences/ tardies
 - Here are examples of unexcused absences/ tardies—even if the parent sends a note:
 - repetitive and chronic absence due to illness or injury. In these cases, for the absence to be excused, the parent must submit a letter from a healthcare provider verifying that the student was too sick or injured to go to school
 - the student needed to babysit
 - cutting class (including checking in and leaving the building early)

- family vacation during non-school vacation time
- trip to a homeland extended beyond school vacation
- extension of a religious or cultural holiday beyond the designated day or days on the school calendar
- a phone call or text to the school to inform of a student’s absence
- the student is absent due to a sibling or parent having an appointment
- Whenever possible, parents should check with the Principal before allowing a student to miss school if they are not sure the absence will be excused. Teachers do not have the authority to excuse a student from school.
- Students are responsible for making up the work they missed when they are absent. However, the school is not required to help students make up tests and assignments the student missed due to unexcused absences.
- If a student is not excused for an absence or tardy, they will accrue Extended Learning Hours for the time out of the building.

B. Promotion Policy

A passing grade at Match High School is 70%. Students will be promoted into the next course in the following academic year for every course passed. For courses students fail, they will need to recover all required credits required for graduation.

Students will have options to recover credits. Match High School offers several credit recovery options, including Summer Academy, Senior Extension, and individualized credit recovery plans. All required credits must be recovered with 70% or higher passing rate in order to receive a diploma. In addition, students will need to successfully pass English, Math, and Science MCAS to receive a diploma.

If, after 4 years at Match, student has passed MCAS, but is	That student's options are...
Missing 1 credit	Senior Extension (recover 1 credit in June, pre-graduation)
Missing 2 credits only	Summer Academy (recover 2 credits, August Graduation)

Missing 3 or more credits	Individual student plan made in collaboration with the student, parent and Match. This could mean August Graduation or entail a fifth year at MHS.
---------------------------	--

For students with IEPs, the decision about whether to retain or promote a student is a school-based decision. The IEP team determines the services and accommodations that the student needs in order to make reasonable progress but does not determine whether a student is promoted or retained.

Students and parents will be notified of the possibility of class retention or summer school at the end of quarters 2 and 3. Decisions made around retention or summer school will not be finalized until June. Students will be ineligible to walk in the graduation ceremony if they are missing credits.

C. Grading Policy

1. Grading Scale

Match High School uses an A – F grading scale for all classes and a 4.0 scale for calculating GPA. A passing grade at Match High School is a 70%

Letter	A+	A	A-	B+	B	B-	C+	C	C-	D	F
%	97-100	93-96	90-92	87-89	83-86	80-82	77-79	73-76	70-72	60-69	<60
GPA	4.00	4.00	3.667	3.333	3	2.667	2.333	2	1.667	0	0

Other alphanumeric grades include I (incomplete), NG (no grade), and W (withdrawn) all have zero grade points and are not included in the GPA calculation.

For classes with a Pass/Fail grade scale, the grades & grade points will be as follows:

P (Passing)	F (Failure)
70-100	0-69
4.00	0

Added Value: Core academic courses have an added GPA point value of 0.5 and AP courses have an added GPA point value of 1.0, used in Weighted GPA calculations.

In 2022-2023, the following grade scales will be used for these courses:

A-F Grade Scale	P/F Grade Scale	Ungraded

2. Term Weighting

For grades 9-11, marking terms will be weighted as listed below. For classes that do not have a Midterm or Final, no grade will appear in those marking terms, and the rest of the quarters will be distributed proportionally:

Y1					
Q1	Q2	A1 (Midterm)	Q3	Q4	A2 (Final)
20%	20%	10%	20%	20%	10%

For 12th grade, marking terms will be weighted as listed below. This differs from G9-G11 due to enrichment opportunities scheduled for the end of year. For classes that do not have a Midterm or Final, no grade will appear in those marking terms, and the rest of the quarters will be distributed proportionally:

Y1					
Q1	Q2	A1 (Midterm)	Q3	Q4	A2 (Final)
24%	24%	10%	24%	8%	10%

3. Grading Within a Quarter

A student's grade represents a combination of both mastery and effort. Mastery is primarily assessed via major and minor assessments and represents 70% of a grade in a given quarter, while effort is primarily assessed via practice assignments and represents 30% of a grade in a given quarter.

A teacher of any course will enter no fewer than 8 grades every 2 weeks. The teacher, in conjunction with the department chair will determine the appropriate balance of major, minor, practice assessments. Teachers should prioritize having more practice assignments than assessments. Teachers will collaborate with their Teaching Assistant, if applicable, to grade and input grades.

Mastery grades may include, but are not limited to, quizzes, exit tickets, homework or classwork accuracy, tests, projects, and lab reports.

Practice assignments may include, but are not limited to, homework and classwork completion, class participation, discussion grades, and completions of rough drafts.

Category	Weight	Notes and Examples
Major Assessment	40%	<ul style="list-style-type: none"> ● Graded for mastery with answer key or rubric; students get testing accommodations ● Designed before the unit begins and reviewed by IL ● Students work without teacher feedback, prompting or support beyond IEP accommodations ● Work is graded at grade-level standard or in a comprehensive manner ● Exams or projects involve a mix of content and skills from across a whole unit, quarter or year. ● Projects take multiple days or tests use a whole class period or more ● Example: unit test or mid-term exam; labs, DBQs, writing projects
Minor Assessment	30%	<ul style="list-style-type: none"> ● Graded for mastery (grade level bar for answers, explanation or work) or accuracy (correct answers or work in limited areas) ● Students work completed with limited teacher feedback, prompting or support beyond IEP accommodations ● Work is graded for key targeted skills, correct answers and/or work OR for targeted mastery areas (such as FCAs) ● Tasks can cover one skill in depth or a few skills or content pieces mixed together ● Task can often or usually be completed in one class period ● Examples: quizzes, tickets to leave/exit tickets, target tasks, on-demand writing
Practice Assignments	30%	<ul style="list-style-type: none"> ● Graded for completion or accuracy ● Assess work students do independently or with help or guidance, including teacher, tutor or parent support ● Tasks can cover one skill or piece of content or be mix of multiple pieces of skill or content ● Tasks usually take less than one class period or evening to complete ● Practice grades can include grading only part of an assignment ● Examples: homework, discussions, class participation, classwork, review packets, target tasks, notes, Do Nows

D. Summer Academy

Students needing to recover credits may recover some credits during summer academy, which takes place after final exams. Students will only receive credit if they demonstrate mastery on the final exam, project, or course requirements as defined at the outset of the program and meet all attendance requirements (no more than 2 absences). If students meet these requirements, they will earn credit for the course. If students do not, they will be required to repeat the course to earn credit and/or enroll in an equivalent class to earn the required credits for graduation.

E. Senior Extension

Grade 12 students needing to recover exactly 1 credit at the end of the year in order to meet the requirements for graduation may do so during senior extension, which takes place after senior exams and in conjunction with Match Alive (before graduation). Students will only receive credit if they demonstrate mastery on the final exam, project, or course requirements as defined at the outset of the program and meet all attendance requirements (no more than 2 absences or 4 tardies). If students meet these requirements, they will earn credit for the course and be considered eligible for their diploma. If students do not, they will be required to remain enrolled at Match for an

additional year in order to earn credit for the course and be considered eligible for their diploma or complete the credit during Summer Academy and graduate in August.

F. Seal of Biliteracy*

Match Charter Public School is excited to offer our seniors the State Seal of Biliteracy.

From doe.mass.edu:

The State Seal of Biliteracy is an award that recognizes high school graduates who attain high functional and academic levels of proficiency in English and a world language in recognition of having studied and attained proficiency in two or more languages by high school graduation. Our vision is to help students recognize the value of their academic success and see the tangible benefits of being bilingual. The State Seal of Biliteracy takes the form of a seal that appears on the transcript or diploma of the graduating senior and is a statement of accomplishment for future employers and for college admissions.

Eligibility requirements:

Student Criteria for the State Seal of Biliteracy	Student Criteria for the State Seal of Biliteracy with Distinction
Meet all graduation requirements	Meet all graduation requirements
472 or higher on Grade 10 ELA MCAS	501 or higher on Grade 10 ELA MCAS
A score equivalent to or higher than Intermediate High on the school-administered world language assessment	A score equivalent to or higher than Advanced Low on the school-administered world language assessment

G. Academic Integrity & Cheating Violations

All Match students are expected to display academic integrity and be accountable for their school work. Cheating is defined as giving or receiving answers on any assignment in an attempt for one party to misrepresent another's work as the first student's own. Some examples of cheating are:

- Copying answers, work, or text from another student's homework, test, quiz, or essay.
- Using unapproved notes or resources during an exam or quiz.
- Using text from an online source in an essay without clearly and appropriately citing the source material.
- Accessing the internet during an online exam.
- Gaining access to a test ahead of time without teacher explicit permission.
- Using a phone in class during a test/quiz or checking a phone in the bathroom during a test/quiz.
- Sharing a calculator or other tool during a test or quiz.
- Not following all testing procedures and protocols with regards to the breaks, restroom usage, and leaving the testing environment.

It is an act that is treated extremely seriously at Match (and at all colleges and universities). As such, the responses to cheating in any class at Match High School are:

- 1st Instance: Zero on the assignment or exams, parent phone call from teacher, and meeting with teacher and student to determine additional consequences, such as completing a new assignment or making up an exam for data purposes.
- 2nd Instance: Zero on the assignment, parent phone call from administrator, and meeting with principal, teacher, Cluster Leads and student to determine additional consequences, such as completing a new assignment or making up an exam for data purposes.
- 3rd Instance: Zero on the assignment, and meeting with principal, teacher, Cluster Leads, parent, and student to determine additional consequences, such as completing a new assignment or making up an exam for data purposes.
- Serious or repeated offenses may be reported to colleges on disciplinary record.

7. STANDARDIZED TESTING

Match High School prepares students to succeed on standardized tests required for high school graduation and in preparation for college. These tests are as follows:

- **MCAS**: Students are required to pass the Grade 10 MCAS in English Language Arts (ELA), mathematics as a high school graduation requirement. Students must pass either the Grade 9 MCAS in Physics or Grade 10 MCAS in Biology (*Students who fail one or more MCAS tests are given multiple opportunities between Grade 10 and 12 to retake the test(s).*)
- **SAT**: The Scholastic Aptitude Test (SAT) is required by many colleges for admission. The exam is made up of 3 sections – critical reading, math and writing. The SAT is currently being revised and the new exam will be released for the January test. Consequently, Match High School, as well as many other schools across the country, are considering alternative college admissions exams such as that ACT.
- **Advanced Placement**: Studies show that students who take Advanced Placement (AP) courses are more likely to succeed in college. As a result, Match High School offers a selection of AP courses to all of our students.

8. HOMEWORK POLICY

Homework is assigned to reinforce student learning from class or to prepare them for the learning that will take place the following day.

Students are responsible for completing all homework assigned. Students are encouraged to use their resources in order to do so – these include but are not limited to:

- After school support
- Email and phone access to teachers and tutors before 9 p.m.
- Opportunities to schedule early morning meetings to review homework before it is turned in
- Opportunities to scheduled lunch meetings to ask clarifying questions before students begin independently working on their homework

9. PROGRESS REPORTS

Progress reports are distributed five (5) weeks into every quarter. They are a snapshot of student grades at the exact moment that they are printed. Students still have significant time to change their grades before the end of the quarter. The progress report only contains grades (not comments or explanations from teachers.) We encourage families to regularly check grades by looking online via the PowerSchool system.

Website: <http://ps.matcheschool.org/public>. Log-in IDs and passwords will be issued at the beginning of a child's 9th grade year, and the login information remains the same throughout the student's time at Match High School.

Additionally, students will review their grades on a weekly basis in advisory and will be encouraged and supported in communicating with their teachers regarding their grades and action planning accordingly.

10. REPORT CARDS

Report cards are distributed at the end of every quarter and contain the final grades for that given quarter. Students who receive below a 70 in any course will receive a phone call from the teacher of the respective course. If a student receives below a 70 in multiple courses, the student will be required to have a parent conference with a school leadership team member. There will be designated days for the parent conferences, and a staff member from school will call home to schedule the meeting. We appreciate families' support in maintaining strong communication between the school and home, especially when a student is not succeeding academically. The aim of the parent-teacher conference policy is to ensure there is a collaborative time to action plan.

11. ACADEMIC SUPPORT

Match High School offers its students a wide variety of supports including:

1. An incredibly dedicated faculty
2. Tutoring support by Match Corps tutors
3. Additional class time for many AP classes in Advanced Placement seminars
4. Additional outside-of-school support from teachers and tutors
5. Weekly advisory meetings
6. Frequent communication with families
7. Counseling support
8. Individualized academic support

**Quarterly academic meetings will be a time for staff, parents and students to review the effectiveness of the academic supports and action plan accordingly.*

12. EXTRACURRICULAR ACTIVITIES

Through participation in clubs and sports, Match High School hopes to foster a stronger sense of community and celebrate student talent beyond the classroom.

Any student interested in participating in a sport must submit a **physical** before the first day of try-outs. Information, including deadlines and where to have a physical will be shared by the Athletic Director. This year Match High School will offer a varsity sport for both boys and girls during each season.

- Students may not participate in athletics any day they have an unexcused absence.
- Students may also be ineligible for athletics or extracurricular activities for not maintaining 90% on-time attendance to class, excessive absences, or behavior issues while in school.

13. FIELD TRIPS

Students at Match High School will have the opportunity to take part in a variety of field trips – including but not limited to college visits, museum tours and plays. Students must provide written parental consent in order to

participate in any school sponsored field trips. Match High School reserves the right to determine eligibility of students to participate in extracurricular field trips.

14. RIGHTS OF STUDENTS WITH DISABILITIES*

Match provides services for students with disabilities in accordance with state and federal special education laws and regulations.

Special Education: Students who have an educational disability will receive special education services if (1) the student is between the ages of 3 and 22; (2) the student has not obtained a high school diploma or its equivalent; and (3) the student's IEP Team determines that the student has a physical, emotional or educational disability which keeps the student from making effective progress in a regular classroom even with accommodations. If the student is found eligible for special education services, an Individual Education Plan (IEP) will be developed by the student's IEP Team, of which the parents are key members. These services will be provided in the least restrictive environment as required by law and IEPs will be reviewed annually by the IEP Team.

The Special Education Director maintains all special education records in accordance with state and federal law, coordinates annual IEP reviews, organizes professional development for teaching and tutoring staff, coordinates weekly accommodation meetings with teaching faculty, and supports teachers and tutors in making appropriate curriculum, assessment, and instruction modifications. If a parent or teacher has concerns about a student's progress and would like to initiate the referral process, they should contact the Special Education Director.

Beginning at age 14 or sooner if determined appropriate by an IEP Team, school age children with disabilities shall be entitled to transition services and measurable postsecondary goals as required by law. When a student with disabilities reaches the age of 18, the student must consent to the special education services. To receive copies of the state and federal laws and regulations governing the special education process, please contact the Special Education Director.

504 Accommodation Plans: Students found to have physical or mental impairments that substantially limit one or more major life activities (including learning) will receive a 504 Accommodation Plan that articulates and implements a program of instructional services, including general classroom accommodations, to assist such students who are educated in the regular education setting. A team of individuals knowledgeable about the student (including the parent) reviews the nature of the student's disability to determine whether and how the disability affects the student's education, and determine the accommodations and/or services that are required. A variety of accommodations and services may be offered in accordance with 504 Accommodation Plans, which are reviewed periodically.

Family Advocacy Committee: The Match Special Education Family Advocacy Committee (FAC) serves as a familial advisory to Match on issues pertaining to the education and safety of children with disabilities. The FAC meets with Match personnel to participate in the planning, development and evaluation of the Match's special education programs. The FAC may also provide families with resources and trainings to assist them in planning their child's educational program. The FAC has an elected chairperson and is a resource for all Match families, whether or not they have a child with identified special needs. For more information about the FAC, please contact the Special Education Director.

Discipline of Students with Disabilities: In addition to the disciplinary approaches and due process protections afforded to all students (see the Student Discipline Policy (Exhibit E)), students who have been found eligible for special education services or who the school knows or has reason to know might be eligible for such services, or students who have been found to have a disability that impacts upon a major life activity, as defined under Section 504, are entitled to increased procedural protections prior to imposing certain disciplinary consequences. For more information, please see the Discipline for Students with Disabilities Policy (Exhibit F).

15. IN-SCHOOL OBSERVATIONS*

In accordance with Massachusetts law, Match permits parents and their designees (such as parent designated independent evaluators and educational consultants) to conduct in-school observations of their student's current or proposed special and regular education program.

When a parent or designee wishes to conduct such an observation, the following procedures shall be followed:

1. The parent shall contact the Special Education Director or the Principal and request an observation. The parent will indicate the name of the person who will conduct the observation and the affiliation of that person to the child and/or parent.
2. If the request for the observation comes from someone other than the parent, Match will need to confirm with the parent the identity of the observer and ensure that the parent consents to the observation in writing. If the designee wishes to access the student's records, Match must also obtain written consent from the parent before allowing the designee to access the student's records in accordance with Massachusetts law and the Student Records Policy (Exhibit F).
3. Upon notification of the request for the observation, Match will provide timely access to the student's current or proposed educational program. The school will contact the parent and/or designee to schedule a mutually convenient time for the observation. Please be advised that there may be certain times of the year that the school generally will not schedule observations, such as during exams, due to the disruption the observation would cause during these particular time periods. If the observation is requested during one of these time periods, Match will work with the observer to find another mutually agreeable time for the observation.
4. The school will also discuss with the parent and/or designee in advance of the observation a reasonable time allotment for the observation. The observer will be permitted to observe both academic and non-academic activities if requested. Observation times will be determined on an individual basis depending on the circumstances of the particular student and/or program to be observed.
5. Match is responsible to ensure the safety of its students at all times. If, in the opinion of the school, the observation threatens to compromise the safety of students, the integrity of the program being observed, or if there is a threat of disclosure by the observer of confidential or personally identifiable information the observer may obtain while observing the program, the school may impose reasonable limitations and restrictions on the observation. Match will discuss these concerns with the observer prior to the observation and make reasonable efforts to work with the observer around these issues to ensure a safe and productive observation.

Match may exercise its discretion at any time to reschedule or terminate an observation in the event of a building emergency or a disruption that impacts the physical or emotional well-being of students or the program being observed.

16. HOME OR HOSPITAL INSTRUCTION*

Students who must be absent from school or remain in the hospital for medical reasons for 14 school days or more will be provided with educational services in the home or hospital. To be eligible for these services, students must obtain a physician's written order from a physician who is personally responsible for the student's care and be in the home or hospital as a result of the medical reason(s) for at least 14 school days in any school year. Such physician notice must include, at a minimum, the date the student was admitted to the hospital or confined to the home, the medical reason for and expected duration of the confinement, and what medical needs should be considered in planning the education services. Such services shall be provided with sufficient frequency to allow the student to continue the educational program, as long as such services do not interfere with the student's medical needs.

To obtain home or hospital services, parents should contact their child's principal and provide the requested written documentation from the physician. The educational services will begin without undue delay after the principal receives the physician written documentation. Such educational services and the service delivery shall be coordinated with the Director for Special Education and individualized to the student's educational and medical needs, but shall not be considered special education unless the services include requirements of the student's IEP.

In addition, if in the opinion of a physician, a student with disabilities is likely to remain in the hospital or at home for more than 60 days in any school year, the Special Education Director shall convene a Team within ten (10) school days to consider evaluation needs and, if appropriate, to develop or amend an IEP tailored to the student's specific circumstances.

General School Information

1 FAMILY INVOLVEMENT

One of Match High School's goals is to provide families with more communication than any other public school in Massachusetts. We need your help to succeed. Please keep the main office informed of changes in phone numbers, emails and/or addresses.

We look forward to continuing our Parents at Match (PAM) family organization. Interested in joining? Please contact Dean of Students, Sarah-Renee Garner (sarah-renee.garner@matchschool.org).

2 HEALTH OFFICE*

Health Screenings: There will be mandatory health screenings during the school year for students in certain grades, including vision, hearing, height, weight (BMI-for-age) and scoliosis. If you would like to request that your child not participate in such screenings, please submit a written request to the school nurse. The results of these screenings will not be shared with individuals other than the parents without a parent's consent.

Immunizations: Massachusetts law requires that all students who are enrolled in school meet certain minimum immunization requirements. Students who do not provide up-to-date documentation of immunizations will be excluded from school in accordance with the law unless the student has obtained an exemption for medical or religious reasons.

Note: When a case of a vaccine-preventable disease emerges, susceptible individuals (including those with medical or religious exemptions) who are not vaccinated will need to be excluded for the appropriate time periods as outlined in Reportable Diseases, Surveillance and Isolation, and Quarantine Requirements (105 CMR 300.000).

Medication: The school nurse will only administer over-the-counter medications to students whose parents have provided written consent at the beginning of the school year. For additional copies of the appropriate form, please contact the school nurse.

Prescription medications must be delivered in the original pharmacy container or dispensing packaging to the school nurse and must be accompanied by a doctor's written order and parental written consent. A parent or another responsible adult must deliver the medication to the nurse's office. To obtain the appropriate consent form or a copy of the Administration of Prescription Medication Policy, please contact the school nurse.

Life Threatening Allergies: Match understands that some students have life-threatening allergies and is committed to minimizing the incidence of life-threatening allergic reactions. Parents must notify the school nurse about allergies via the appropriate form before the first day of school, and provide the school with epinephrine to administer to the student if necessary (see, "Medication," above). The school nurse will develop an Individual Health Care Plan (IHCP) and Emergency Action Plan (EAP) with the student's parents, and upon request, meet with the parent to discuss the child's allergy. For more information, please see the Life Threatening Allergies Policy attached hereto as Exhibit J.

Illness: If the school nurse determines that a child needs to see a doctor or has a contagious illness, the student's family must pick up the child from school. In addition, Match has implemented standardized procedures for any Match students in grades 6-12 who participate in extra-curricular athletic opportunities at Match and suffer a head injury. To receive a copy of the Sports-Related Head Injuries Policy, please contact the school nurse.

Health and Sex Education: Match provides a comprehensive health education curriculum designed to provide students with the knowledge and skills to make responsible, well-informed personal health decisions. The health education curriculum covers a wide variety of topics, including human sex education and human sexuality issues. Under Massachusetts law, parents have the right to exempt their children from any portion of a curriculum that primarily involves human sexual education or human sexuality issues by submitting written notification to the Principal. For more information, please see the Parental Notification Relative to Sex Education (Exhibit I).

Substance Use Prevention and Misuse: Match takes its role very seriously to proactively prevent substance use and abuse and to work with local stakeholders to provide students and families with information and identify those students who may be at risk. For more information, please see the Substance Use Prevention Policy (Exhibit K).

3 COMPLAINT PROCEDURE*

Family satisfaction is a priority at Match, and it is committed to addressing and resolving any family concerns. If a problem arises, Match encourages the complainant to address the problem directly with the staff member(s) involved. If the complainant is dissatisfied with the proposed resolution, the complainant should contact the principal. If after conversations with the principal, the complainant is not satisfied, the complainant should contact the Chief Operating Officer. If the situation is still not resolved, the complainant may file a formal complaint with the Board of Trustees (the "Board"). The Board will have 45 days following receipt of the complaint to respond in writing and conduct an investigation to ensure that the school is in compliance with charter school law and regulations. If the Board fails to address the complaint to the complainant's satisfaction, the party may submit the complaint to the Commissioner of Elementary and Secondary Education.

If an individual believes that the school has violated any federal or state law or regulation, the individual may file a complaint directly with the Office of Program Quality Assurance at the Department of Elementary and Secondary Education at any time.

4 STUDENT RECORDS*

Match follows all state and federal laws relating to the confidentiality, access, and amendment of student records. For more information about the policies and procedures around student records, please refer to the Student Records Policy (Exhibit G).

5 IDLING VEHICLES*

Operators of school buses and personal motor vehicles, including parents, family members, students, employees, volunteers and visitors, are prohibited from idling such vehicles (leaving the engine on while the car is parked) on or within 100 feet of school grounds, unless an exception under 540 CMR 27.04 applies.

6 GIFT POLICY*

No Match employee may accept a gift worth \$50 or more in a calendar year when the gift is given because of the employee's public position, or because of some action the employee could take or has taken in the employee's public role. Gifts worth less than \$50 may be accepted, but a written disclosure must be made by the employee if the gift and the circumstances in which it was given could cause a reasonable person to think that the employee could be improperly influenced. The value of personal gifts accepted is aggregated over a calendar year (4 gifts of \$20 value is the same as 1 gift of \$80 if given in the same calendar year).

In general, it is permissible to accept homemade gifts without retail value because a reasonable person would not expect an employee to unduly show favor to the giver, so no disclosure is required. Such gifts could include homemade food items, handpicked flowers, or handmade gifts worth less than ten dollars.

Class Gifts

A single class gift per calendar year valued up to \$150 or several class gifts in a single year with a total value up to \$150 from families and students in a class may be accepted if the gift is identified only as being from the class and the names of the givers are not identified to the recipient. The recipient may not knowingly accept an individual gift from someone who contributed to the class gift.

Gifts for School Use

Gifts given to a Match employee solely for classroom use or to purchase classroom supplies are not considered gifts to an individual employee and are not subject to the \$50 limit. However, a Match employee who accepts such gifts must keep receipts documenting that such funds were used for classroom supplies.

7 TRANSPORTATION

Match provides transportation services for its students by the Boston Public School (BPS) system. As such, Match follows all BPS transportation policies. In most cases, this means issuing M7 MBTA passes to students. Students will receive their T pass at the start of the year. Replacement passes are issued every Wednesday free of charge. Students and their parents will be responsible for the cost of transportation until the replacement pass can be provided. Please contact our Front Desk for more information on M7's and replacement passes.

8 CANCELLATION DUE TO POOR WEATHER CONDITIONS

Match High School follows the same cancellation decisions as Boston Public Schools. If Boston Public Schools are closed, Match High School will be closed. In the event of poor weather conditions, please listen to local television and radio stations for information about school cancellation.

In addition, we will notify you via an automated message if there is a shift to the normal schedule.

9 LOST/STOLEN PROPERTY

Match is not responsible for any personal items that are either lost or stolen items. That said, we work to uphold a safe environment where there is mutual respect for personal items.

13 SCHOOL SEARCHES*

Match authorizes the Principal and the Principal's designee(s) to conduct searches of students and their belongings if there is a reasonable basis to believe that the search will result in evidence that the student has violated the law, Match rules or policies, or otherwise constituted a threat to the health, safety, welfare, or values of Match, other students, school personnel, or any other person lawfully on school property or attending a school function.

Cubbies, desks, lockers, other school storage places, or other school property are not the exclusive possession of students, are subject to random searches and students have no reasonable expectation of privacy rights in such property. In authorizing and conducting searches, Match acknowledges state and federal constitutional rights that are applicable to personal searches of students and searches of their possessions.

Match may use video camera surveillance in hallways, stairwells, entrances and other locations in which employees and students have no reasonable expectation of privacy. Such video recordings may be used for safety and disciplinary purposes. In addition, Match may video- and audio-record classrooms for professional development purposes. Parents who do not wish their children to be audio recorded should make a written request to the Executive Director.

Match is required to follow all state laws around the use of physical restraint on students. Physical restraint will be used only in emergency situations, after other less intrusive alternatives have failed or been deemed inappropriate, with extreme caution and in the least intrusive manner possible. For more information about physical restraint, please refer to the Physical Restraint Policy (Exhibit D).

16 DISCIPLINARY DUE PROCESS*

Match is committed to following all applicable state laws when issuing suspensions and expulsions. For more information about Match's disciplinary policies and procedures, please refer to the Student Discipline Policy (Exhibit E) and the Discipline for Students with Disabilities Policy (Exhibit F).

EXHIBITS*

EXHIBIT A

Harassment

Harassment by employees, students, vendors, volunteers and other individuals at Match or at school-sponsored events is unlawful and is strictly prohibited. Match requires that all employees, volunteers and students conduct themselves in an appropriate manner with respect to all members of the school community.

Harassment can take the form of offensive jokes, slurs, comments, innuendoes, notes, displays of pictures or symbols, gestures, epithets or name calling, physical assaults or threats, intimidation, ridicule or mockery, insults or put-downs, offensive objects or pictures or other conduct that offends or shows disrespect to others based upon race, color, national origin, creed, sex, gender identity, ethnicity, sexual orientation, mental or physical disability, age, ancestry, athletic performance, special need, proficiency in the English language or academic achievement, or homelessness.

Sexual harassment means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature. It is a verbal, physical or visual behavior where the purpose or effect is to create an offensive, hostile or intimidating environment. Some examples of sexual harassment are:

1. Acceptance of or submission to such conduct is made as a term of education, whether explicitly or implicitly.
2. The individual's response to such conduct is used as a basis for educational, disciplinary, or other decisions affecting a student.

4. The conduct creates an intimidating, hostile or offensive work or school environment.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, or humiliating to students may also constitute sexual harassment. Furthermore, sexual violence perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age, use of drugs or alcohol, or intellectual disability), including rape, sexual assault, sexual battery and sexual coercion are forms of sexual harassment.

Title IX of the Education Amendments of 1972 also prohibits sexual harassment of students, volunteers and employees at Match, but the conduct considered to be "sexual harassment" under Title IX is limited and does not capture all conduct that amounts to sexual harassment under school policy and/or other state and federal laws. For these reasons, Match will investigate all allegations of sexual harassment of its respective employee, volunteers and/or students in accordance with its Title IX/Sexual Harassment Policy, *Exhibit M*, but if it determines that the alleged conduct falls outside of Title IX's scope but still constitutes sexual harassment under this Harassment and Discrimination Policy, Match will implement appropriate remedial and/or disciplinary action in accordance with this and/or other applicable policies.

Retaliation against an individual who has brought harassment or other inappropriate behavior to the attention of Match or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by Match.

Incidents of sexual harassment may constitute child abuse under state law and may also violate criminal laws. Match will comply with all legal requirements governing the reporting of suspected cases of child abuse and criminal violations to the appropriate authorities, including the Department of Children and Families.

Complaints of Harassment and Discrimination:

If you believe that you are a victim of harassment by a Match employee or volunteer, another student at Match or a third party, immediately report the incident to the following individuals:

- For alleged violations of Title IX including sexual harassment, sexual violence, and gender-based harassment: Michael Kerr, Chief Operating Officer, MCPS and Title IX Coordinator, 215 Forest Hills Street, Jamaica Plain, MA 02130, mike.kerr@matchschool.org; (857) 203-9668.
- For alleged violations of Section 504 and Title VI: The Special Education Director or the Principal of your school.
- For all other incidents of harassment or discrimination: the Principal of your school.
- If the person designated above is the aggressor, report the incident to Nnenna Ude, Executive Director, 215 Forest Hills Street, Jamaica Plain, MA 02130, nnenna.ude@matchschool.org, (857) 203-9668.

Match staff will promptly investigate the allegation in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain the confidentiality of both the complainant and the alleged aggressor to the extent practicable under the circumstances. Match will inform the complainant that its ability to respond to an allegation of harassment may be limited if the student requests that the student's name not be disclosed and that it will take steps to prevent and respond to retaliation. However, if the student still requests confidentiality, Match will investigate and respond to the complaint while respecting the student's request as long as doing so does not prevent the school from responding effectively to the harassment and preventing harassment of other students. In

addition, if a student accuses an employee of sexual harassment, and the alleged harasser would need access to the name of the accuser and the nature of the allegation in order to defend itself in accordance with federally protected due process rights, Match's ability to impose disciplinary action against such an alleged harasser may be limited.

The investigation will include a private interview with the person filing the complaint and with possible witnesses. Match will also interview the person alleged to have committed the harassment.

During the investigation, it may be necessary for Match to take measures to separate the alleged harasser from the complainant in order to eliminate from the school environment the harassment about which the complainant has complained. Match will monitor any interim measures that it takes throughout the investigation.

Match will inform the alleged aggressor and the complainant of the outcome of its investigation. Generally, the complainant will not be informed of the sanction or discipline imposed on a student who engaged in harassment due to the aggressor's rights under the Family Educational Rights and Privacy Act. If it is determined that harassment has occurred, Match will act promptly to eliminate the offending conduct and put measures in place to prevent such conduct from recurring. In addition to addressing the specific incident, Match will work to eliminate any hostile environment created by the harassment. In determining the appropriate response, Match staff will consider various factors, including the characteristics and circumstances of the target, the nature of the incident, and the environment in which the incident occurred. Where appropriate Match may do one or more of the following: separate the aggressor from the target, provide counseling for the aggressor and/or target, reaffirm its policy against harassment, train faculty on appropriate responses to harassment, provide programming for students on the harmful effects of harassment, and/or impose disciplinary action against the aggressor. Match will follow up with harassed students and their parents to find out whether there have been any new incidents of harassment or instances of retaliation and will act promptly to address any problems.

In cases involving sexual assault, Match staff will follow the procedures set forth in Match's Child Abuse and Neglect Policy.

If you believe that an act of retaliation has been committed against you for bringing harassment or inappropriate behavior to the attention of Match or for cooperating in an investigation of a complaint under this policy, please use the complaint procedures set forth above.

Please note: If you are not satisfied with Match's response, you may file a complaint directly with the Office of Program Quality Assurance at the Department of Elementary and Secondary Education or seek outside counsel. You may also contact the state agencies responsible for enforcing laws prohibiting harassment or discrimination in schools: the Massachusetts Department of Education, 350 Main Street, Malden, MA (781) 388-3300 and the Massachusetts Commission Against Discrimination, One Ashburton Place, Boston, MA (617) 994-6000. The agency responsible for enforcing the federal law prohibiting harassment on the basis of sex is the Office of Civil Rights within the United States Department of Education, which is located at the John W. McCormack Building, 5 Post Office Square, Boston, MA (617) 289-0111).

EXHIBIT B

Bullying Prevention Plan for MATCH CHARTER PUBLIC SCHOOL

I. LEADERSHIP

School leadership at all levels of Match Charter Public School (“Match”) plays a critical role in developing and implementing the Bullying Prevention Plan (the “Plan”) in the context of other whole school and community efforts to promote positive school climate. Leaders have a primary role in teaching students and School Staff to be civil to one another and promoting understanding of and respect for diversity and difference. Leaders are responsible for setting priorities and for staying up-to-date with current research on ways to prevent and effectively respond to Bullying (as defined in Section VIII, below). Leaders work to involve representatives from the greater school and local community in developing and implementing the Plan.

A. Public involvement in developing the Plan. As required by M.G.L. c. 71, § 370, the Plan will be developed in consultation with teachers, School Staff (as defined in Section VIII, below), professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents, and guardians. Consultation will include, at a minimum, notice and a public comment period before the Plan is adopted.

- a. **Teachers, School Staff, professional support personnel, school volunteers and administrators** will be emailed the draft plan each summer and will be given a deadline to provide feedback to leadership.
- b. **Community representatives and local law enforcement agencies** will be given notice and a deadline for providing comments to leadership.
- c. **Students, parents and guardians** will be notified of the draft plan and will be given an opportunity to provide feedback to leadership at Family Advisory Council meetings (for families) and school meetings (for students).

B. Assessing needs and resources. This Plan is our blueprint for enhancing our capacity to prevent and respond to issues of Bullying within the context of other healthy school climate initiatives. As part of the planning process, school leaders, with input from families and School Staff, assess the adequacy of current programs; review current policies and procedures; review available data on Bullying and behavioral incidents; and assess available resources including curricula, training programs, and behavioral health services. This “mapping” process will assist leadership in identifying resource gaps and the most significant areas of need. Based on these findings, we will revise or develop policies and procedures; establish partnerships with community agencies, including law enforcement; and set priorities.

At least once every four years Match will administer a Department of Elementary and Secondary Education-developed student survey to assess school climate and the prevalence, nature, and severity of bullying in our schools. Additionally, Match will annually report bullying incident data to the Department and will update the Plan at least biennially.

Leadership will conduct a needs assessment using the following techniques: 1) surveying students, School Staff, parents, and guardians on school climate and school safety issues; and 2) collecting and analyzing building-specific data on the prevalence and characteristics of Bullying (e.g., focusing on identifying vulnerable populations and “hot spots” in school buildings, on school grounds, or on school buses). This information will help to identify patterns of behaviors and areas of concern, and will inform decision-making for prevention strategies including, but not limited to, adult supervision, professional development, age-appropriate curricula, and in-school support services. Needs

assessments will be conducted through in-person individual and group meetings in the spring and early summer, allowing leadership adequate time in the summer to implement new strategies. The Responsible Administrator (as defined below) of each Match school will together take ownership over conducting and responding to this needs assessment.

C. Planning and oversight. For purposes of the Plan, “Responsible Administrators” shall mean, for each campus, the principal or the principal’s designee. Responsibility for the following aspects of the plan will be taken by **each school’s Responsible Administrator**:

- 1) Receiving reports on Bullying
- 2) Collecting and analyzing building- and/or school-wide data on Bullying to assess the present problem and to measure improved outcomes
- 3) Creating a process for recording and tracking incident reports, and for accessing information related to Targets (as defined in Section VIII, below) and Aggressors (as defined in Section VIII, below)
- 4) Planning for the ongoing professional development that is required by the law
- 5) Planning supports that respond to the needs of Targets and Aggressors
- 6) Choosing and implementing the curricula that the school or district will use
- 7) Developing new or revising current policies and protocols under the Plan, including an Acceptable Use Policy, and designating key staff to be in charge of implementation
- 8) Amending student and staff handbooks and codes of conduct
- 9) Leading the parent or family engagement efforts and drafting parent or family information materials
- 10) Reviewing and updating the Plan each year, or more frequently

D. Priority statement: The mission of Match is to prepare its students to succeed in college and beyond, in particular, those who would be the first in their families to earn a college degree. We intend this school to serve a large number of English language learners. To that end, we are committed to providing all students with a safe learning environment that is free from Bullying, including Cyberbullying (as defined in Section VIII, below). This commitment is an integral part of our comprehensive efforts to promote learning, and to prevent and eliminate all forms of Bullying and other harmful and disruptive behavior that can impede the learning process.

II. TRAINING AND PROFESSIONAL DEVELOPMENT

Under M.G.L. c. 71, § 370 we are required to provide ongoing professional development for all School Staff.

A. Annual School Staff training on the Plan. Annual training for all School Staff on the Plan will take place each summer. Training will include School Staff duties under the Plan, an overview of the steps that the Responsible Administrator will follow upon receipt of a report of Bullying or Retaliation (as defined in Section VIII, below), and an overview of the Bullying prevention curricula to be offered at all grades throughout the school. School Staff members hired after the start of the school year are required to participate in training during the school year in which they are hired, unless they can demonstrate participation in an acceptable and comparable program within the last two years.

B. Ongoing professional development. The goal of professional development is to establish a common understanding of tools necessary for School Staff to create a school climate that promotes safety, civil communication and respect for differences. Professional development will build the skills of School Staff members to prevent, identify, and respond to Bullying. As required by M.G.L. c. 71, § 370, the content of professional development will be informed by research and will include information on:

- (i) Developmentally (or age-) appropriate strategies to prevent Bullying;

- (ii) Developmentally (or age-) appropriate strategies for immediate, effective interventions to stop Bullying incidents;
- (iii) Information regarding the complex interaction and power differential that can take place between and among an Aggressor, Target, and witnesses to the Bullying;
- (iv) Research findings on Bullying, including information about specific categories of students who have been shown to be particularly at risk for Bullying in the school environment;
- (v) Information on the incidence and nature of Cyberbullying; and
- (vi) Internet safety issues as they relate to Cyberbullying.

Professional development will also address ways to prevent and respond to Bullying or Retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs). This will include a particular focus on the needs of students with autism or students whose disability affects social skills development.

C. Written notice to staff. Leaders at Match will provide all School Staff and volunteers with an annual written notice of the Plan by publishing information about it, including sections related to School Staff duties and Bullying of students by School Staff, in the Employee Handbook.

III. ACCESS TO RESOURCES AND SERVICES

A key aspect of promoting a positive school climate is ensuring that the underlying emotional needs of Targets, Aggressors, families, and others are addressed. The following strategies will be used to provide support and services necessary to meet those needs.

A. Identifying resources. All staff at Match will work to support the creation of positive school environments. Early interventions will be implemented, as will intensive services when necessary. In spring and early summer of each year, leadership will use the needs assessment to identify existing and needed resources. If it is determined that our resources are insufficient to meet needs, we will determine the best strategies and implement changes, including adopting new curricula, reorganizing staff, establishing safety planning teams and identifying other agencies that can provide services.

B. Counseling and other services. Counseling will be provided by contracted licensed professionals. When necessary, leadership will create partnerships with community based organizations to provide culturally and linguistically appropriate resources. The Responsible Administrators, along with social workers and other School Staff members, will develop safety plans for students who have been Targets of Bullying or Retaliation. Certain tools, including behavioral intervention plans and individualized groupings, already exist as resources and guidelines to provide social skills to prevent Bullying and intervention services for students exhibiting Bullying behaviors.

C. Students with disabilities. As required by M.G.L. c. 71B, § 3, as amended by Chapter 92 of the Acts of 2010, when the IEP Team determines the student has a disability that affects social skills development or the student may participate in or is vulnerable to Bullying, harassment, or teasing because of the student's disability, the IEP Team will consider what should be included in the IEP to develop the student's skills and proficiencies to avoid and respond to Bullying, harassment, or teasing.

D. Other students who may be at risk. Match recognizes that students may be more vulnerable to Bullying based upon actual or perceived differences related to race, color, religion, ancestry, national origin, sex, socio-economic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting/family status, sexual orientation, mental, physical, developmental or sensory disability or by associations with other people who may have one or more of these characteristics. School Staff shall provide additional support

to vulnerable students, as necessary, to provide them with the skills, knowledge and strategies needed to prevent or respond to Bullying or harassment. Further, this policy affords all students the same protection regardless of their status under the law.

E. Referral to outside services. When Match leaders, with the guidance of licensed professionals, determine that school resources are insufficient to address a Bullying situation, student and families will be referred to outside services. Families will be notified of referrals in writing and licensed professionals and a social worker will be available to provide guidance throughout the process.

Below is a list of external agencies Match has referred students and their families to:

1. Department of Children and Families. The Responsible Administrator may report to this agency suspected abuse or neglect or substantial attendance concerns.
2. Outside Counseling. Match employs a social worker who is meant to provide some school-based services, but given that many students could benefit from regular counseling beyond what the school has the capacity to provide, the social worker will help families secure counseling from outside providers when appropriate. The easiest way for families to do this is to obtain a referral from their primary care physician.
3. Outside Mentoring. Finding good mentors for Target and Aggressor students can be a helpful intervention, but it can be a lengthy process. Parents must be involved in order to complete paperwork and be interviewed. Initial referrals can be accessed at: <http://www.bbbsmb.org/GetInvolved/ReferAChild/Default.aspx> or <http://www.bigsister.org/index.cfm?pid=10569>.
4. Family Stabilization Team ("FST"). This option is appropriate when the student and family would benefit from intensive support or family therapy. FST services are one of many behavioral health (mental health and substance abuse) services that BMC HealthNet Plan MassHealth Plan members are offered.

IV. ACADEMIC AND NON-ACADEMIC ACTIVITIES

Age-appropriate instruction on Bullying prevention in each grade will be incorporated into our curricula. Curricula will be evidence-based. Effective instruction will include classroom approaches, whole school initiatives, and focused strategies for Bullying prevention and social skills development.

A. Specific Bullying prevention approaches. Bullying prevention curricula will be informed by current research which, among other things, emphasizes the following approaches:

- Using scripts and role plays to develop skills;
- Empowering students to take action by knowing what to do when they witness other students or School Staff engaged in acts of Bullying or Retaliation, including seeking adult assistance;
- Helping students understand the dynamics of Bullying and Cyberbullying, including the underlying power imbalance;
- Emphasizing cybersafety, including safe and appropriate use of electronic communication technologies;
- Enhancing students' skills for engaging in healthy relationships and respectful communications; and
- Engaging students in a safe, supportive school environment that is respectful of diversity and difference.

Students will also review the student-related sections of the Plan with staff in September.

B. General teaching approaches that support Bullying prevention efforts. The following approaches are integral to establishing a safe and supportive school environment. These underscore the importance of our Bullying intervention and prevention initiatives:

- Setting clear expectations for students and establishing school and classroom routines;
- Creating safe school and classroom environments for all students, including for students with disabilities, lesbian, gay, bisexual, transgender students, and homeless students;
- Using appropriate and positive responses and reinforcement, even when students require discipline;
- Using positive behavioral supports;
- Encouraging adults to develop positive relationships with students;
- Modeling, teaching, and rewarding pro-social, healthy, and respectful behaviors;
- Using positive approaches to behavioral health, including collaborative problem-solving, conflict resolution training, teamwork, and positive behavioral supports that aid in social and emotional development;
- Using the Internet safely; and
- Supporting students' interest and participation in non-academic and extracurricular activities, particularly in their areas of strength.

V. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION

The following policies and procedures for reporting and responding to Bullying and Retaliation will ensure that members of the school community – students, parents, families, volunteers and School Staff – know what will happen when incidents of Bullying occur.

A. Reporting Bullying or Retaliation. Reports of Bullying or Retaliation may be made by School Staff, volunteers, students, parents, families, or others, and may be oral or written. Oral reports made by or to a School Staff member or volunteer shall be recorded in writing. A School Staff member or volunteer is required to report immediately to the Responsible Administrator or to the Board of Trustees or its designee when the Responsible Administrator is the alleged Aggressor, any instance of Bullying or Retaliation the School Staff member or volunteer becomes aware of or witnesses. Reports made by students, parents, families, or other individuals who are not Match School Staff members or volunteers, may be made anonymously. An individual may report an incident using the Incident Reporting Form or by calling, mailing or emailing the Responsible Administrator or members of the Board of Trustees or its designee when the Responsible Administrator is the alleged Aggressor.

Use of an Incident Reporting Form is not required as a condition of making a report. Match will: 1) include a copy of the Incident Reporting Form in the Student and Family Handbook and the Employee Handbook; 2) make it available in the school's main office, and other locations determined by the Responsible Administrator; and 3) post it on Match's website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents/guardians.

At the beginning of each school year, Match will provide the school community, including School Staff, students, and parents/families, with written notice of its policies for reporting acts of Bullying and Retaliation. A description of the reporting procedures and resources will be incorporated in the Student and Family Handbook, the Employee Handbook, on the Match website, and in information about the Plan that is made available to parents/families.

- **Reporting by School Staff or Volunteers:** A School Staff member or volunteer will report immediately to the Responsible Administrator when the individual witnesses or becomes aware of conduct that may be Bullying or Retaliation. The requirement to report to the Responsible Administrator does not limit the authority of the School Staff member to respond to behavioral or disciplinary incidents consistent with the Code of Conduct, the Student Discipline Policy, and other applicable policies and procedures.

- **Reporting by Students, Families, Parents, and Others:** Match expects students, families, parents, and others who witness or become aware of an instance of Bullying or Retaliation involving a student to report it to the Responsible Administrator or to the Board of Trustees or its designee when the Responsible Administrator is the alleged Aggressor. Reports may be made anonymously, but no disciplinary action will be taken against an alleged Aggressor solely on the basis of an anonymous report. Students, families, parents and others may request assistance from a School Staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of Bullying with a School Staff member, or with the Responsible Administrator.

B. Responding to a report of Bullying or Retaliation.

- **Safety:** Before fully investigating the allegations of Bullying or Retaliation, the Responsible Administrator will take steps to assess the need to restore a sense of safety to the alleged Target and/or to protect the alleged Target from possible further incidents. Responses to promote safety may include, but are not limited to, creating a personal safety plan; pre-determining seating arrangements for the Target and/or the Aggressor in the classroom, at lunch, or on the bus; identifying a School Staff member who will act as a “safe person” for the Target; and altering the Aggressor’s schedule and access to the Target. The Responsible Administrator will take additional steps to promote safety during the course of and after the investigation, as necessary.

The Responsible Administrator will implement appropriate strategies for protecting from Bullying or Retaliation a student who has reported Bullying or Retaliation, a student who has witnessed Bullying or Retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of Bullying or Retaliation.

- **Obligations to Notify Others**

- a. Notice to parents. Upon determining that Bullying or Retaliation has occurred, the Responsible Administrator will promptly notify the parents or guardians of the Target and the Aggressor of this, and of the procedures for responding to it. There may be circumstances in which the Responsible Administrator contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.

- b. Notice to Another School or District. If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the Responsible Administrator first informed of the incident will promptly notify by telephone the appropriate administrator of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

- c. Notice to Law Enforcement. At any point after receiving a report of Bullying or Retaliation, including after an investigation, if the Responsible Administrator has a reasonable basis to believe that criminal charges may be pursued against the Aggressor, the Responsible Administrator will immediately notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on Match grounds and involves a former student under the age of 21 who is no longer enrolled in school, the Responsible Administrator shall contact the local law enforcement agency if the Responsible Administrator has a reasonable basis to believe that criminal charges may be pursued against the Aggressor.

In making this determination, the Responsible Administrator will, consistent with the Plan and with applicable Match policies and procedures, consult with the school resource officer, if any, and other individuals the Responsible Administrator deems appropriate.

C. Investigation. The Responsible Administrator will investigate promptly all reports of Bullying or Retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved, and/or information related to the School Staff member or volunteer involved.

During the investigation, the Responsible Administrator will, among other things, interview students, School Staff, volunteers, witnesses, parents, and others as necessary. The Responsible Administrator (or whoever is conducting the investigation) will remind the alleged Aggressor, Target, and witnesses of the importance of the investigation, their obligation to be truthful and that Retaliation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the Responsible Administrator, other School Staff members as determined by the Responsible Administrator, and in consultation with the school social worker, as appropriate. To the extent practicable, and given the Responsible Administrator's obligation to investigate and address the matter, the Responsible Administrator will maintain confidentiality during the investigative process. The Responsible Administrator will maintain a written record of the investigation.

The Responsible Administrator will then assemble a panel consisting of teachers, staff and administrators. The panel will conduct separate hearings with the Target and the alleged Aggressor.

Procedures for investigating reports of Bullying and Retaliation will be consistent with any applicable Match policies and procedures. If necessary, the Responsible Administrator will consult with legal counsel about the investigation.

D. Determinations. The Responsible Administrator, in consultation with the panel, will make a determination based upon all of the facts and circumstances. If, after investigation, Bullying or Retaliation is substantiated, the Responsible Administrator will take steps reasonably calculated to prevent recurrence and to ensure that the Target is not restricted in participating in Match or in benefiting from Match activities. The Responsible Administrator will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the Responsible Administrator may choose to consult with the students' teacher(s) and/or social worker, and the Target's or Aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the Bullying behavior and to assess the level of need for additional social skills development.

The Responsible Administrator will promptly notify the parents or guardians of the Target and the Aggressor about the results of the investigation and, if Bullying or Retaliation is found, what action is being taken to prevent further acts of Bullying or Retaliation. All notice to parents or guardians must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Responsible Administrator cannot report specific information to the Target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the Target must be aware of in order to report violations.

The Responsible Administrator shall inform the parent or guardian of the Target about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system or seeking assistance, regardless of the outcome of the Bullying determination. The information will be made available in both hard copy and electronic formats.

E. Responses to Bullying.

1. Teaching Appropriate Behavior Through Skills-building

Upon the Responsible Administrator determining that Bullying or Retaliation has occurred, the law requires that Match use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 37O(d)(v). Skill-building approaches that the Responsible Administrator may consider include:

- Offering individualized skill-building sessions based on the school's/district's anti-Bullying curricula;
- Providing relevant educational activities for individual students or groups of students, in consultation with social workers and other appropriate school personnel;
- Implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
- Meeting with parents or guardians to engage familial support and to reinforce the anti-Bullying curricula and social skills building activities at home;
- Adopting behavioral plans to include a focus on developing specific social skills; and
- Making a referral for evaluation.

2. Taking Disciplinary Action

If the Responsible Administrator decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the Responsible Administrator, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan, the Code of the Conduct, the Student Discipline Policy, the Discipline for Students with Disabilities Policy and all applicable state and federal laws.

Disciplinary actions for employees who are found to have committed an act of Bullying or Retaliation shall be in accordance with state law and Match policies and procedures.

If the Responsible Administrator determines that a student knowingly made a false allegation of Bullying or Retaliation, that student may be subject to disciplinary action.

3. Promoting Safety for the Target and Others

The Responsible Administrator will consider what adjustments, if any, are needed in the school environment to enhance the Target's sense of safety and that of others as well. One strategy that the Responsible Administrator may use is to increase adult supervision at transition times and in locations where Bullying is known to have occurred or is likely to occur.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the Responsible Administrator will contact the Target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the Responsible Administrator will work with appropriate School Staff to implement them immediately.

VI. COLLABORATION WITH FAMILIES

Each year Match will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about how families can reinforce the curriculum at home and the dynamics of Bullying, including Cyberbullying and online safety. Match will send parents written notice each year

about the student-related sections of the Bullying Prevention Plan and Match’s Acceptable Use Policy. Notice of the student-related sections of the Bullying Prevention Plan will be made available in the language(s) most prevalent among parents or guardians. Match will post the Plan and related information on its website.

VII. PROHIBITION AGAINST BULLYING AND RETALIATION

Acts of Bullying, which include Cyberbullying, are prohibited:

1. On school grounds and property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function, or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased, or used by Match or through the use of technology or an electronic device owned, leased, or used by Match, and
2. At a location, activity, function, or program that is not school-related through the use of technology or an electronic device that is not owned, leased, or used by Match, if the acts create a Hostile Environment (as defined in Section VIII, below) at Match for the Target or witnesses, infringe on their rights at Match, or materially and substantially disrupt the education process or the orderly operation of Match.

Retaliation against a person who reports Bullying, provides information during an investigation of Bullying, or witnesses or has reliable information about Bullying is also prohibited.

As stated in M.G.L. c. 71, § 37O, nothing in this Plan requires Match to staff any non-school related activities, functions, or programs.

VIII. DEFINITIONS

“Aggressor” is a student or a member of the School Staff who engages in Bullying, Cyberbullying, or Retaliation towards a student.

“Bullying,” as defined in M.G.L. c. 71, § 37O, is the repeated use by one or more students or by a member of the School Staff of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a Target that:

- i. Causes physical or emotional harm to the Target or damage to the Target’s property;
- ii. Places the Target in reasonable fear of harm to himself or herself or of damage to Target’s property;
- iii. Creates a Hostile Environment at school for the Target;
- iv. Infringes on the rights of the Target at school; or
- v. Materially and substantially disrupts the education process or the orderly operation of a school.

“Cyberbullying” is Bullying through the use of technology or electronic devices such as telephones, cell phones, computers, and the Internet. It includes, but is not limited to, email, instant messages, text messages, and Internet postings. See M.G.L. c. 71, § 37O for the legal definition of Cyberbullying.

“Hostile Environment,” as defined in M.G.L. c. 71, § 37O, is a situation in which Bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student’s education.

“Retaliation” is any form of intimidation, reprisal, or harassment directed against a student who reports Bullying, provides information during an investigation of Bullying, or witnesses or has reliable information about Bullying.

“School Staff” means individuals employed by Match, including, but not limited to, educators, administrators, social workers, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

“Target” is a student against whom Bullying, Cyberbullying, or Retaliation has been perpetrated.

IX. RELATIONSHIP TO OTHER LAWS

Consistent with state and federal laws, and the policies of Match, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, sex, gender identity or expression, physical appearance, religion, national origin, ancestry, socioeconomic status, academic status, sexual orientation, or mental, physical, developmental, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. Nothing in the Plan prevents Match from taking action to remediate discrimination or harassment based on a person’s membership in a legally protected category under local, state, or federal law, or Match policies.

In addition, nothing in the Plan is designed or intended to limit the authority of Match to take disciplinary or other action under the Code of the Conduct, the Student Discipline Policy, the Discipline for Students with Disabilities Policy, other relevant policies, and any applicable laws, in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

EXHIBIT C

Anti-Hazing Policy for: **MATCH HIGH SCHOOL** **MATCH MIDDLE SCHOOL**

Match Charter Public School (“Match”) is required by law to communicate the Massachusetts Anti-Hazing Law to every student at Match High School (“MHS”) and Match Middle School (“MMS”). Students at MHS and MMS who participate in hazing, or fail to report hazing are subject to disciplinary consequences set forth herein. A copy of the Massachusetts Anti-Hazing Law is attached as Attachment A.

Hazing is any conduct or method of initiation into any student organization on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person.

Examples of hazing include, but are not limited to, whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Consent is not a defense! A person charged with violating this policy cannot claim that the victim of hazing consented to the treatment.

Requirements to Report Hazing: If you know that another person was the victim of hazing and you were present when hazing occurred, then you are required to report the crime to law enforcement as soon as reasonably practicable.

Requirements for Clubs, Teams or Other Organizations: At the beginning of the school year, every student group, team or organization must distribute a copy of this policy and the Massachusetts Anti-Hazing Law to each of its members, pledges or applicants for membership. The designated officer of each such group, team or organization must deliver to the Principal or Executive Director (or designee) an attested acknowledgement of compliance by September 30 of every year.

Penalties: Participants and organizers who are found guilty of hazing under Massachusetts law can be punished by a fine of up to \$3,000 or by imprisonment for up to a year, or both. A failure to report the crime of hazing can be punished by a fine of up to \$1,000. In addition, any person who has violated this policy may be subject to disciplinary action, including suspension or expulsion.

A student group, team or organization that fails to comply with its obligations under this policy may be dissolved, banned from Match’s grounds and prohibited from using Match facilities.

Questions: If you have questions about this policy or if you have been the victim of hazing, please contact your Principal or Executive Director.

Chapter 269: Section 17. Hazing; organizing or participating; hazing defined

“Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term “hazing” as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Chapter 269: Section 18. Failure to report hazing

Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

Chapter 269: Section 19. Copy of Secs. 17 to 19; issuance to students and student groups, teams and organizations; report

Each institution of secondary education and each public and private institution of post-secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution’s compliance with this section’s requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution’s recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall file, at least annually, a report with the board of higher education and in the case of secondary institutions, the

board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of higher education and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report."

EXHIBIT D

Physical Restraint Policy for: **MATCH CHARTER PUBLIC SCHOOL**

Purpose and Background

Match Charter Public School (“Match”) is required to follow the provisions of 603 CMR 46.00, promulgated by the Massachusetts Department of Elementary and Secondary Education (“DESE”) pursuant to M.G.L. c. 69, § 1B, and c. 71, § 37G, which regulates the use of physical restraint on students in Massachusetts public school districts, charter schools, collaborative education programs, virtual schools, and special education schools.

The purpose of 603 CMR 46.00 is to ensure that every student participating in a Massachusetts public education program is free from the unreasonable use of physical restraint. Physical restraint shall be used only in emergency situations, after other less intrusive alternatives have failed or been deemed inappropriate, with extreme caution and in the least intrusive manner possible. Staff must prevent or minimize any harm to the student as a result of the use of physical restraint.

Other Strategies to Calm Students

Physical restraint is an emergency procedure which should be used only as a last resort. There are a number of other calming techniques Match staff should use first, including verbal de-escalation, brief physical contact to promote student safety, redirecting attention, or a temporary touching or holding, without the use of force, of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is agitated to walk to a safe location (“physical escort”).

Use of Time-Out Rooms

Another strategy to calm students is utilizing a time-out room or calm-down room. Match only uses time-out rooms as a behavioral strategy in very limited circumstances. Match strongly values providing students with maximum opportunities to learn alongside their peers, puts proactive strategies in place to help students self-regulate, and utilizes time-outs as a strategy when other supportive and inclusive strategies have not been effective.

In the limited circumstances in which the use of a time out room is determined to be a necessary behavioral strategy, it will not meet the definition of a seclusion for purposes of a physical restraint. The use of a time out shall meet the following conditions:

- The time-out is used as a behavioral support strategy
- Student temporarily separates from the learning activity or the classroom either by choice or by direction from staff for the purpose of calming down
- Student is continuously observed by a staff member who is with the student, engaging and reassuring the student, who is familiar with the policies relating to time-outs, and who is familiar with the student and the student’s need; or if it unsafe for the staff member to be present in the room, the staff member and a behavioral support professional should be immediately available to the student at all times, continuously observe the student in all parts of the room to make sure they are safe and feel supported, and as needed, obtain additional support from the school’s crisis intervention team, the mobile crisis team, or the student’s parents or guardians
- Space used for time-out must be clean, safe, sanitary and appropriate for the use of calming for the specific student, have appropriate lighting and ventilation, have a comfortable and safe place for students to sit, be regularly cleaned, be sufficiently large to allow comfortable movement within the room, and not take place in spaces such as closets, storage rooms and copy rooms
- Time-out ceases as soon as the student has calmed

- Principal approval must be obtained by a staff member when a time-out lasts longer than 30 minutes due to the student's continued agitation. The principal will consider the individual circumstances and whether the student continues to be agitated to determine whether such approval will be given, and may consult with the student's parents or guardians, the student's support team, behavioral support professional at the school or other relevant school personnel when deciding whether to approve a time out that lasts longer than 30 minutes. If a staff-administered time-out lasts half of the time that a school day is in session or longer, such lost class time is treated as an in-school suspension for purposes of student discipline laws (see, Student Discipline Policy).

Procedures for Using a Time Out Room:

Before Match uses a time out room as a behavioral support strategy for a student, school personnel will make efforts to have discussions with the student's parents or guardians and carefully consider the advantages and disadvantages of utilizing a time out room as a behavioral support strategy for that particular student and any alternatives that may be effective for the student. A variety of factors will be considered, such as the age of the student, the student's individual needs, the social and emotional impact of being separated from peers, any history of trauma which may counter-indicate the use of a time out room, and any alternative behavioral supports that have been or may be effective at helping the student calm. School personnel will collaborate closely with parents or guardians and answer any questions related to the use of the time out room. If the student has disabilities, the IEP Team will make the foregoing considerations and decisions collaboratively with the student's parents or guardians.

If the use of a time out room appears to exacerbate the student's behavior or has not helped the student calm, other support strategies will be attempted. Match will document each time a time out room is used in the same manner that it maintains restraint data, which will include all of the information included in the DESE [Time Out Room Log](#).

Match will promptly verbally notify the student's parents or guardians of the use of the time out room within 24 hours of the use of the time out room (and ideally before the student returns home from school), and efforts will be made to provide written notice within three (3) school-working days, unless otherwise agreed to by the parents or guardians. Match will also de-brief with the student following the use of the time out room in order to allow the student to provide insight into the underlying causes of behavior, to identify their feelings, discuss de-escalation strategies that may work better for them in the future, and identify strategies that may have helped avoid the situation.

Administrative Review of Time Out Rooms

On a weekly basis, the principal shall conduct a weekly review of time out room data. The principal should consider the following when reviewing the data:

- (a) whether the time-out room is being repeatedly used for the same student(s);
- (b) whether the time-out room is being used for periods longer than 30 minutes;
- (c) whether there are multiple uses of the time out room for students from the same classroom;
- (d) whether the same teachers or staff are repeatedly initiating the use of the time out room;
- (e) whether the time-out room is being used more frequently for students with particular demographics, such as race, gender, or ethnicity.

If so indicated, the principal may convene a team or teams to discuss a student's individual needs, assess how the use of time outs has impacted the student's behavior and social emotional wellbeing, and discuss other potential interventions. The principal shall further consider whether staff requires additional training on evidence-based alternatives to the use of time out rooms as a behavior support strategy.

On a monthly basis, the principal shall review all school-wide time out room data, and consider patterns of use with particular groups of students.

What is Physical Restraint?

Physical restraint is direct physical contact that prevents or significantly restricts a student's freedom of movement. Physical restraint does not include brief physical contact to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing comfort, or physical escort.

When May Physical Restraint be Used?

School personnel shall use physical restraint only as an emergency procedure of last resort when:

- (a) non-physical interventions have been ineffective or have proven ineffective, and
- (b) the student's behavior poses a threat of assault, or imminent, serious, physical harm to self and/or others.

Physical restraint should not be used:

- (a) As a means of punishment
- (b) As a response to destruction of property, school disruption, refusal to comply with school rules, or verbal threats that do not constitute a threat of serious physical harm
- (c) When the student cannot be safely restrained because it is medically contraindicated for reasons including, but not limited to, asthma, seizures, a cardiac condition, obesity, bronchitis, communication-related disabilities, or risk of vomiting
- (d) As a standard response for any individual student, including as a standard response included in a student's IEP

In no event shall the following forms of restraint be used:

- (a) Medication restraint, which is the administration of medication to temporarily control behavior, except in the event that such medication is prescribed by a licensed physician and authorized for use in school by the parents.
- (b) Mechanical restraint, which is the use of a device or equipment to restrict a student's freedom of movement, except for devices used for the specific and approved positioning or protective purposes for which such devices were designed.
- (c) Seclusion, which means the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving.
- (d) Prone restraint, when a student is placed face-down on the floor or another surface and physical pressure is applied to the student's body to keep the student in the face-down position.
- (e) Physical restraint in a manner inconsistent with 603 CMR 46.00 or this policy.

Nothing in 603 CMR 46.00 shall be construed to:

- (a) Limit the protection afforded publicly funded students under other state or federal laws, including those laws that provide for the rights of students who have been found eligible to receive special education services;
- (b) Preclude any employee or agent of Match from using reasonable force to protect students, other persons, or themselves from assault or imminent, serious, physical harm;
- (c) Prohibit the exercise of an individual's reporting responsibilities as a mandated reporter of child abuse or neglect (see, Child Abuse and Neglect Policy); or
- (d) Limit the right of an individual to report to the appropriate authorities a crime committed by a student, or the right of law enforcement, judicial authorities or school security personnel from physically detaining a student alleged to have committed a crime or otherwise posing a security risk.

How Should Physical Restraint be Administered?

1. Trained personnel:

Only Match personnel that has received proper training in physical restraint procedures shall administer it to students. To the greatest degree possible, another adult who does not participate in the restraint should witness administration of a restraint. However, nothing in 603 CMR 46.00 or this policy shall preclude an employee or agent of Match from using reasonable force to protect students, other persons, or themselves from assault or imminent, serious physical harm.

2. Use of force:

Any individual(s) administering physical restraint shall use only the amount of force necessary to protect the student or others from physical injury or harm.

3. Safety requirements:

- (a) Restraint will be administered in a manner so as to prevent or minimize physical harm to the student.
- (b) Restraint will not be administered in a manner that prevents the student from speaking or breathing.
- (c) During a restraint, a staff member shall continuously monitor the physical status of the student including skin color and respiration.
- (d) If at any time during the restraint the student displays significant physical distress, the restraint will immediately terminate and medical assistance will be sought.
- (e) Staff will review and take into consideration any known medical or psychological limitations and/or behavioral intervention plans regarding physical restraint on an individual student.
- (f) Staff administering physical restraint will use the safest method available that is appropriate to the situation.
- (g) Restraint will immediately terminate when the staff member determines that the student is no longer at risk of causing imminent physical harm to them self or others or the student indicates that the student cannot breathe or appears to be in severe distress such as having difficulty breathing or sustained or prolonged crying or coughing.
- (h) If a student is restrained for a period longer than 20 minutes, staff shall obtain the approval of the principal, which shall be based upon the student's continued agitation during the restraint justifying the need for continued restraint.
- (i) After release of a student from restraint, Match personnel shall review the incident with the student to discuss the behavior that led up to the incident. The principal will review the incident with the staff member who administered the restraint to ensure that proper procedures were followed and to consider if any follow-up is appropriate for students who may have been present during the restraint.

When and How Should a Restraint be Reported?

1. When restraint must be reported:

Any staff member who administers a restraint shall verbally inform the principal as soon as possible and by written report no later than the next school working day. If the principal has administered the restraint, then the principal shall submit the report to the Executive Director. The principal or the principal's designee shall maintain all such reports on file, as well as an on-going record of all reported instances of physical restraint, which shall be made available for review by DESE upon request.

2. Informing parents:

The principal or the principal's designee shall verbally inform the student's parent of the restraint within 24 hours of the event and by written report emailed or postmarked no later than three school working days following the use of restraint. If the language of the home is other than English, the written restraint report shall be provided to the

parent in English and in the language of the home. The principal will provide the parents and student an opportunity to comment orally and in writing on the use of the restraint and the information in the written report.

3. Reporting to DESE:

In the event a restraint results in any injury to a student or staff member, Match must file a report with DESE, which can be found at http://www.doe.mass.edu/pqa/sa_nr/physical_restraint.pdf. In all such cases, completed copies of the physical restraint report and the log for the 30 day period prior to the restraint must be sent to DESE within three school working days of the restraint. DESE will inform Match if any further action is required within 30 calendar days of receipt of the written report.

Match must also annually report to DESE data regarding the use of physical restraint.

Administrative Review

On a weekly basis, the principal shall conduct a weekly review of restraint data to identify students who have been restrained multiple times during the week. If such students are identified, the principal shall convene one or more review teams to assess each student's progress and needs, which shall include the following:

- (f) Review and discussion of the written reports and comments provided by the students and parents about the use of restraints
- (g) Analysis of circumstances leading up to each restraint, including time of day, day of week, antecedent events, and individuals involved;
- (h) Consideration of factors that may have contributed to escalation of behaviors, alternatives to restraint included de-escalation techniques and possible interventions, and such other strategies and decisions as appropriate, with the goal of reducing or eliminating the use of restraint in the future;
- (i) Consideration of convening an IEP Team meeting in the event that the student has an IEP; and
- (j) A written plan of action.

In the event that the principal directly participated in the restraint, the principal's immediate supervisor shall lead the review team's discussion. A record of each individual student review shall be maintained by the principal or the principal's designee and shall be made available for review by DESE or the parent upon request.

On a monthly basis, the principal shall review all school-wide restraint data, and consider patterns of use of restraints by similarities in the time of day, day of the week, or individuals involved; the number and duration of physical restraint school-wide and for individual students; and the number and type of injuries, if any, resulting from the use of restraint. The principal shall determine whether it is appropriate to modify the school's restraint prevention and management policy, conduct additional staff training, or take other action as appropriate to reduce or eliminate restraints.

Training Requirements

At the beginning of each school year, the principal of each school is required to identify program staff to be responsible for administering proper physical restraint procedures. These individuals will participate in an in-depth training in the use of physical restraint and appropriate de-escalation methods. This in-depth training will be competency-based and be approximately 16 hours in length and include one refresher training every year thereafter. This in-depth training will include:

- Appropriate procedures for preventing the use of physical restraint, including de-escalation of problematic behavior, relationship building, and the use of alternatives to restraint;
- A description and identification of specific dangerous behaviors that may lead to the use of physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted;

- The simulated experience of administering and receiving physical restraint, instruction regarding the effects on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
- Instruction regarding documentation and reporting requirements and investigation of injuries and complaints;
- Demonstration by participants of proficiency in administering physical restraint; and
- Instruction regarding the impact of restraint on the student and parent, including the psychological, physiological and social-emotional effects.

In addition, all Match staff will receive training about the use of physical restraint before the beginning of the school year, and in no event later than by September 30 of each year, and for employees hired after the school year begins, within a month of their employment. This training shall include:

- The role of the student, parent and staff in preventing restraint;
- The program's restraint prevention and behavior support policy and procedures, including use of time-out as a behavior support strategy distinct from seclusion;
- When behavior presents an emergency that requires physical restraint, the types of permitted physical restraint and related safety considerations, including information regarding the increased risk of injury to a student when any restraint is used, particularly a restraint of extended duration;
- Administering physical restraint in accordance with medical or psychological limitations, known or suspected trauma history, and/or behavioral intervention plans applicable to an individual student; and
- Identification of program staff who have received in depth training.

Prevention of Violence and Family Engagement

Match shall develop and distribute to staff and parents methods for preventing student violence, self-injurious behavior and suicide, including individual crisis planning and de-escalation of potentially dangerous behavior occurring among groups of students or with individual students.

In addition, Match will arrange a meeting with families on an annual basis to discuss restraint prevention and the use of restraint solely as an emergency procedure. At this meeting, families will obtain information about this policy and methods of de-escalation, as well as have the opportunity to ask questions and provide feedback to Match personnel.

Complaint Procedures

In the event a student or parent has a complaint about restraint practices at Match, such student or parent should contact the principal at the student's school and inform the principal about the details and circumstances around the complaint. Upon receipt of a complaint, the principal or his/her designee shall promptly and thoroughly investigate the complaint by interviewing the student, the person(s) administering the restraint, and any other staff or students who witnessed the incident. The principal or the principal's designee shall document all steps taken in the investigation and, along with other Match personnel as deemed appropriate, shall make a determination about whether the restraint about which the complaint was made was administered in accordance with this policy and the law, and convey the determination to the complainant. In the event that a complaint involves the principal, the complainant should contact the Executive Director.

Any Match staff member who has violated this policy may be disciplined at the discretion of the principal (or the Executive Director in the event the principal has administered the restraint), up to and including termination.

EXHIBIT E

Student Discipline Policy for: **MATCH CHARTER PUBLIC SCHOOL**

Introduction

The priority of Match Charter Public School (“Match”) is to ensure the safety of every student and provide each student the opportunity to learn without unnecessary distractions and disruptions. Match has high expectations for student behavior, and strives to create and preserve a safe and focused learning environment.

Match employees use a large array of strategies to promote positive behavior and to correct violations of Match rules and policies. Match employees use positive reinforcement whenever possible, and employ various strategies to build a positive learning environment.

Disciplinary offenses are violations of Match rules and policies. Students may be disciplined for offenses that occur when a student is:

- at school and/or on school grounds;
- participating in a school-sponsored activity;
- waiting for or riding on school-related transportation;
- walking to or from, waiting for, or riding on public transportation to and from school or a school-sponsored activity; or
- outside of school where the student’s conduct results in substantial disruption to the school environment and the student population.

For purposes herein, the Principal of each school or the Principal’s designee (“responsible administrator”) shall serve as the principal under 603 CMR 53.00. The Executive Director or the Executive Director’s designee shall serve as the superintendent for purposes of conducting student disciplinary hearings under 603 CMR 53.00. As used herein, the term “parent” shall be defined as a student’s father, mother, or legal guardian, or person or agency legally authorized to act on behalf of the student in place of or in conjunction with the father, mother, or legal guardian.

Violations of Match rules and policies may result in disciplinary consequences as set forth herein. Students may be subject to additional guidelines and consequences as determined by each school and as set forth in the Student and Family Handbook. In the event of a discrepancy between this Student Discipline Policy and any other policy, the former shall govern.

Prohibited Behavior

The following are examples of conduct that may lead to discipline, up to and including long-term suspension. Students who engage in any behavior that violates Match rules and policies or is otherwise inconsistent with an appropriate educational environment may be subject to disciplinary action. Examples include, but are not limited to:

- Any violation of the Acceptable Use Policy or the Bullying Prevention plan, including cyberbullying or any form of online harassment, defamation, libel, slander, or threats
- Unwanted physical contact
- Any violation of the Discrimination and Harassment Policy and/or Sexual Harassment/Title IX Policy, including sexual or racial harassment
- Verbal assault
- Threats, written or verbal, online or offline
- Theft, including thefts committed off of school grounds
- Stealing or attempting to steal school property
- Trespassing, such as entering or going into an employee’s personal space without the employee’s explicit permission
- Graffiti, defacement, vandalism or damage to the facilities or the contents therein

- Violation of the Smoking Policy
- Leaving the school building without permission
- Interfering with the appropriate use of school emergency equipment, including, but not limited to, fire alarms, fire detectors, sprinklers, security cameras, or fire extinguishers
- Truancy
- Causing or attempting to cause damage to school property
- Extreme acts of disrespect, such as intimidating, harassing, hazing, spitting at, or causing physical harm to others
- Fighting
- Possession, use, distribution or display of drugs, alcohol or marijuana
- Violating any other Match rule or policy

Consequences

Match seeks to proactively decrease out-of-class discipline referrals and improve student engagement and academic success. To this end, Match will collaborate with diverse stakeholders to consider and implement school-wide models to engage and re-engage students in the learning process which include, but are not limited to, positive behavioral intervention and support models, and trauma-sensitive learning models. Match will also adequately train staff and monitor implementation to ensure these models and strategies produce desired outcomes.

Disciplinary offenses result in consequences subject to the discretion of the responsible administrator and may include taking a break from the classroom, mindfulness breaks to calm down and reset, cleaning up a mess you made (if the offense is related to damaging school property), loss of school privileges (socialization time, field trips), apologizing for what happened orally or in writing, demerits, time-outs, determination, school service, and for serious incidents, in-school suspension, short-term suspension, long-term suspension, and/or expulsion. In determining the appropriate disciplinary action, the responsible administrator may consider, among other things, the student's prior disciplinary record. Depending on the infraction, police may also be notified where appropriate. We value the skills of reflection and restoration when harm has been done and will work as partners with families to guide Match students in developing these skills.

Alternative Remedies (M.G.L. c. 71, §37H ¾)

Whenever an incident of student misconduct occurs that does not involve a violation of M.G.L. c. 71, §§37H or 37H ½, when deciding the consequences for the student, the responsible administrator shall consider ways to re-engage the student in the learning process. The responsible administrative shall not issue a short- or long-term suspension or expulsion until alternative remedies in direct response to a specific incident or incidents have been employed and their use and results are documented, unless:

- specific reasons are documented as to why such alternative remedies are unsuitable or counter-productive, or
- when the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm upon another person while in school.

Alternative remedies may include, but shall not be limited to:

- mediation;
- conflict resolution;
- restorative justice; and
- collaborative problem solving.

Documentation of alternative remedies must describe the alternate remedies, the results of these efforts, and for instances when suspension is used, the reasons that alternative remedies would be unsuitable or counter-productive, or the specific concern about serious bodily injury or other serious harm being inflicted upon another person while the student is in school.

Implementation of a school-wide model to re-engage students in the learning process shall not be considered a direct response to a specific incident.

Notwithstanding the foregoing, Match may remove a student on an emergency basis without employing alternative remedies in accordance with the guidelines and procedures regarding emergency removals (see, "Emergency Removal," below).

Suspension and Expulsion Due Process

Except in the case of an emergency removal (see, "Emergency Removal," below), a student will be afforded due process prior to the discipline taking place, as set forth below. Disciplinary proceedings for students with disabilities will involve additional procedures as set forth in the Discipline for Students with Disabilities Policy.

In-School Suspension

An "in-school suspension" is a removal of a student from regular classroom activities, but not from the school premises for no more than ten (10) school days (consecutively or cumulatively for multiple infractions during the school year).

The procedure for an in-school suspension will be as follows:

1. The responsible administrator will inform the student of the disciplinary offense charged, the basis for the charge, and provide the student an opportunity to respond. If the responsible administrator determines that the student committed the disciplinary offense, the responsible administrator will inform the student of the length of the student's in-school suspension, which may not exceed ten (10) days consecutively or cumulatively in a school year.
2. On the same day as the in-school suspension decision, the responsible administrator will make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction and the length of the in-school suspension. The responsible administrator will also invite the parent to a meeting which will be scheduled on the day of the suspension if possible, and if not, as soon as possible thereafter. If the responsible administrator is unable to reach the parent after making and documenting at least two (2) attempts to do so, such attempts will constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.
3. The responsible administrator will send written notice to the student and parent about the in-school suspension, including the reason for and the length of the in-school suspension, and inviting the Parent to a meeting if a meeting has not already occurred. The responsible administrator will deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the responsible administrator and parent.

An in-school suspension of more than ten (10) school days (consecutively or cumulatively in the school year) will be subject to the procedures for long-term suspensions (See, "Long-Term Suspension," below).

A student who has been sent to the office for half of the time that a school day is in session or longer has received an in-school suspension that must be implemented in accordance with the procedures detailed herein.

Short-Term Suspensions

A "short-term suspension" means the removal of a student from school for ten (10) or fewer school days (consecutively or cumulatively for multiple infractions during the school year).

Prior to imposing a short-term suspension for conduct not covered by M.G.L. c. 71, §§37H and 37H ½, the following procedures will be followed:

1. **Notice:** The parent and student must both receive oral and written notice. The written notice will be in English and in the primary language of the home if other than English, and sent by hand delivery, first-class mail, certified mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the school and parent. Such written notice will include the following:
 - a) the disciplinary offense;
 - b) the basis for the charge;
 - c) the potential consequences, including the potential length of the student’s suspension;
 - d) the opportunity for the student to have a hearing with the responsible administrator concerning the proposed suspension, including the opportunity to dispute the charges and to present the student’s explanation of the alleged incident, and for the parent to attend the hearing;
 - e) the date, time, and location of the hearing; and
 - f) the student and parent’s right to interpreter services at the hearing if necessary.
2. **Efforts to Involve Parents:** The responsible administrator will make reasonable efforts to notify the parent of the opportunity to attend the hearing. The responsible administrator must document that the responsible administrator has sent written notice and has made at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification in order to conduct a hearing without the parent present.
3. **Format of Hearing:** The responsible administrator will discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student and the parent, if present, will have an opportunity to present information, including mitigating facts, that the responsible administrator should consider in determining consequences for the student.
4. **Decision:** The responsible administrator will provide written notice to the student and parent of the responsible administrator’s determination and the reasons for it, and, if the student is suspended, the type and duration of suspension. The notice of determination may be in the form of an update to the original written notice of hearing. If the student is in preschool or in grades k-3, the responsible administrator shall send a copy of the written determination to the Executive Director and explain the reasons for imposing an out-of-school suspension before such suspension takes effect.

Long-term Suspensions and Expulsion

A “long-term suspension” is defined as a suspension, whether in-school or out-of-school, for more than ten (10) school days (consecutively or cumulatively for multiple disciplinary offenses during the school year). No long-term suspension for any reason shall extend beyond the end of the school year in which such suspension is imposed.

An “expulsion” is defined as the permanent removal of a student from the school premises, regular classroom activities, and school activities.

Possession of Drugs or a Weapon, or Assault (M.G.L. c. 71, §37H)

Under M.G.L. c. 71, §37H, the Principal may suspend or expel a student under any of the following circumstances:

- Possessing a controlled substance, including, but not limited to, marijuana, cocaine, and heroin, and certain prescription medications
- Possessing a dangerous weapon,¹ including a gun or a knife

¹ This includes not only knives and guns, explosive devices and realistic replicas of such weapons/devices, but also other objects used to assault another person or to otherwise create a dangerous situation, such as a baseball bat, a pair of scissors, matches or a lighter. While such objects would not always constitute “dangerous weapons,” administrators and educational professionals will review the circumstances of each case and make a reasonable determination about whether a particular object in a student’s possession

- Assaulting a principal, assistant principal, teacher, teacher's aide or other educational personnel

When considering expulsion for these offenses, the responsible administrator may place a student on short term suspension (ten days or less) based upon an informal hearing, to be followed by a formal hearing before the Principal within that period of suspension to determine whether to take additional disciplinary action, up to and including expulsion from school.

1. Informal Hearing. The informal hearing will be in the form of a conference between the student and the responsible administrator. At this conference, the student (1) shall be informed of the reason for the conference, (2) shall be given the opportunity to present the student's side of the story, and (3) shall be given a decision on the suspension. If the Principal deems delay of the hearing necessary to avoid danger or substantial disruption, this process may occur immediately after, rather than before, the suspension.
2. Efforts to Involve Parents. Prior to putting a suspension into effect, the Principal shall make reasonable efforts to inform the student's parent of the impending suspension by documenting that the Principal has sent written notice and has made at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification.
3. Formal Hearing. The responsible administrator shall provide written notice to the student and parent, in the parent's primary language, of a formal hearing before the Principal, which will take place prior to a suspension reaching more than ten (10) days in length (consecutively or cumulatively for multiple infractions during the school year). The notice will include the charges and a statement of evidence, the date, time and place of the hearing, and notice of the right to be represented by an attorney (at the student's expense) or other lay person, present evidence, and cross-examine witnesses. The school will record the hearing and a copy of such will be made available to the student upon request.
4. Decision. After the formal hearing, the Principal may, in the Principal's discretion, decide to suspend rather than expel a student who has been determined to have committed the disciplinary offense. Determinations shall be made in writing and sent to the student and parent.

As required by M.G.L. c. 71, §37H, the following statutory language is provided:

- (a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- (b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- (c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

Conviction or Charge of a Felony (M.G.L. c. 71, §37H ½)

Under M.G.L. c. 71, §37H ½, a student may be expelled for being convicted or being found guilty (by admission or adjudication) of a felony or felony delinquency, or be suspended for being charged with a felony or felony

constitutes a dangerous weapon in the school setting. Any illegal weapon will be turned over to the Police Department. Any student who brings a firearm to school will be expelled for a minimum of one school year, with exceptions granted only by the Executive Director. (The definition of a firearm includes but is not limited to guns (including a starter gun), bombs, grenades, rockets, missiles, mines and similar devices.)

delinquency, if the Principal has determined that the student's continued presence at school would have a substantial detrimental effect on the general welfare of Match.

Before an expulsion or suspension covered by this provision takes effect, the student shall receive written notification of the charges and the reasons for such suspension or expulsion. The student shall also receive written notification of the right to appeal and the procedure required, although the suspension or expulsion will remain in effect prior to any appeal hearing. (See, "Appeals," below).

Any Other Disciplinary Offense (M.G.L. c. 71, §37H ¾)

A student may receive a long-term suspension for other violations of Match rules and policies at the discretion of the responsible administrator after considering alternative forms of discipline. Suspensions in such circumstances will not exceed a total of 90 school days in a single school year.

Before a student receives a long-term suspension for an offense not covered by M.G.L. c. 71, §§37H and 37H ½, in addition to the procedures and rights detailed for a short-term suspension hearing (see, "Short-Term Suspension," above), the following procedures shall apply:

1. Student rights prior to the disciplinary hearing:
 - a. the opportunity to review the student's record and the documents upon which the responsible administrator may rely in making a disciplinary determination in advance of the hearing;
 - b. the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense;
 - c. the right to produce witnesses on the student's behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so;
 - d. the right to cross-examine witnesses presented by Match; and
 - e. the right to request that the hearing be recorded by the responsible administrator, and to obtain a copy of the audio recording upon request, in which case the responsible administrator will notify all participants that an audio record will be made.
2. The written determination following the disciplinary hearing shall:
 - a. identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
 - b. set out the key facts and conclusions reached;
 - c. identify the length and effective date of the suspension, as well as a date of return to school;
 - d. include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school; and
 - e. inform the student of the right to appeal the responsible administrator's decision to the Executive Director, the procedure required to request an appeal (see, "Appeals," below), and that the long-term suspension will remain in effect until and unless the Executive Director decides to reverse the responsible administrator's determination. Notice of the right of appeal will be in English and the primary language of the home if other than English.

Emergency Removal

Notwithstanding the provisions for short-term suspension, long-term suspension, and expulsion set forth above, a student who is charged with a disciplinary offense under M.G.L. c. 71, §37H ¾ may be removed temporarily from school if the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the responsible administrator's judgment, there is no alternative available to alleviate the danger or disruption.

The responsible administrator will immediately notify the Executive Director in writing of the removal and the reason for it and describe the danger or disruption caused by the student before the student is sent home.

The temporary removal will not exceed two (2) school days following the day of the emergency removal, during which time the responsible administrator will provide the following, as applicable to the length of suspension:

1. make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal, and the details of the incident that are required to be included in the written notice (see item 2, below);
2. provide written notice to the student and parent that includes the information required under "Short-Term Suspension" or "Long-Term Suspension" above (depending on the potential consequence);
3. provide the student an opportunity for a hearing with the responsible administrator, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for a hearing is otherwise agreed to by the responsible administrator, student, and parent ; and
4. render a decision orally on the same day as the hearing, and in writing no later than the following school day.

A responsible administrator may not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

Appeals

Possession of Drugs or a Weapon, or Assault (M.G.L. c. 71, §37H)

A student who has been expelled from Match for possessing a controlled substance, possessing a dangerous weapon, or assaulting educational personnel shall have the right to appeal to the Executive Director. The expelled student shall have 10 days from the date of the expulsion in which to notify the Executive Director, in writing, of the student's appeal. At the appeal hearing, the student shall have the right to present oral and written testimony on the student's behalf, and the right to counsel at the student's own expense. The Executive Director shall render a decision on the appeal which shall be the final decision of the school.

As required by M.G.L. c. 71 §37H, the following statutory language is provided: Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

Conviction or Charge of a Felony (M.G.L. c. 71, §37H ½)

A student who has been expelled for being convicted or found of a felony or who has been suspended for being charged with a felony, and the Principal has determined that the student's continued presence would have a substantial detrimental effect on the general welfare of Match has the right to appeal the expulsion to the Executive Director. The expelled student shall have five (5) days following the date of the expulsion to notify the Executive Director of the student's request for an appeal. The Executive Director shall hold the hearing with the student and the student's parent within three (3) calendar days of the request. At the appeal hearing, the student shall have the right to present oral and written testimony on the student's behalf, and the right to counsel at the student's own expense. The Executive Director will render a decision within five (5) calendar days of the hearing which shall be the final decision of the school.

Any Other Disciplinary Offense (M.G.L. c. 71, §37H ¾)

Any student who has received a long-term suspension for any violation other than those set forth in M.G.L. c. 71 §§ 37H or 37H ½, has the right to appeal the suspension to the Executive Director by providing written notice within five (5) days following the date of the suspension. The Executive Director must hold the hearing within three (3) school days of the student's request, unless the student or parent requests an extension of up to seven (7) additional

calendar days. If the appeal is not filed within this time frame, the Executive Director may deny the appeal, or may allow the appeal in the Executive Director's discretion, for good cause. The following requirements apply:

1. The Executive Director will make a good faith effort to include the parent in the hearing by attempting to hold the hearing on a day and time that would allow the Executive Director and the parent to participate. The Executive Director will send written notice to the parent of the date, time, and location of the hearing.
2. The Executive Director will conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence will be. The Executive Director will arrange for an audio recording of the hearing, a copy of which will be provided to the student or parent upon request, and inform all participants that the hearing is being recorded.
3. The student rights provided at the responsible administrator hearing will be available to the student at the appeals hearing (see, "Long-Term Suspension," above).
4. The Executive Director will issue a written decision within five (5) calendar days of the hearing which meets the requirements for a long-term suspension (see, "Long-Term Suspension," above). If the Executive Director determines that the student committed the disciplinary offense, the Executive Director may impose the same or a lesser consequence than the responsible administrator, but will not impose a suspension greater than that imposed by the responsible administrator.

The decision of the Executive Director constitutes the final decision of Match.

Continuation of Educational Services and Match Education Service Plan

While under an in-school suspension, a short-term suspension, a long-term suspension, or expulsion, students will have the opportunity to make academic progress. The Principal or responsible administrator will inform the student and parent of this opportunity in writing any time a suspension or expulsion is imposed. Students will be provided an opportunity to earn credits, as applicable, and make up assignments, tests, papers, and other school work as needed to make academic progress during the period of the student's removal from the classroom. Students and parent will be notified in writing about this opportunity, in English and in the primary language spoken in the student's home if other than English, any time a suspension or expulsion is imposed.

For students who are suspended for more than ten (10) consecutive days or who are expelled, Match has developed a school-wide Education Service Plan. Match's Education Service Plan is subject to change, and may include, but is not limited to, tutoring, alternative placement, Saturday school, and online or distance learning. Match shall send a list of alternative educational services to students and parents of students who are expelled or have received a long-term suspension for more than ten (10) consecutive days. Match shall document the enrollment of every such student in education services, and shall track and report attendance, academic progress, and other data as required for data reporting purposes. The notice will include a list of the specific education services available to the student and the contact information of a Match employee who can provide additional information.

If the student withdraws from Match and/or moves to another school during the period of suspension or expulsion, the new school or district of residence shall either admit the student to its school or provide educational services to the student under the new district's or school's education service plan.

As required by M.G.L. c. 71 §37H, the following statutory language is provided: Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

Data Collecting and Reporting

Match shall collect and annually report to the Department of Elementary and Secondary Education data regarding its discipline of students as required. The responsible administrator shall periodically review discipline data

(including in-school suspensions, short- and long-term suspensions, expulsions, and emergency removals) by selected student populations, such as race, ethnicity, gender, socioeconomic status, English language learner status, and student with a disability status. The responsible administrator will assess the extent and impact of specific disciplinary consequences on student populations, and determine whether it is appropriate to modify disciplinary policies or practices.

As required by M.G.L. c. 71 §37H, the following statutory language is provided:

1. Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.
2. Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

EXHIBIT F

Discipline for Students with Disabilities Policy for: **MATCH CHARTER PUBLIC SCHOOL**

Match Charter Public School (“Match”) will operate in accordance with all local, state, and federal laws and regulations, including the Individuals with Disabilities Education Act (IDEA) and §504 of the Rehabilitation Act, with respect to students with disabilities, and will ensure that procedures for suspending, removing or otherwise disciplining students with disabilities are consistent with all legal requirements. This policy shall be read together with Match’s Student Discipline Policy, and Match will utilize alternative remedies and proactively seek to decrease out of class discipline referrals for all students, including students with disabilities, in accordance with that policy. However, students with disabilities are afforded the additional due process rights described herein. As used herein, the term “parent” or “parents” shall mean the parent or legal guardian of a student, as set forth in 34 C.F.R. § 300.30.

In each discipline incident involving a student with disabilities in which the Principal or the Principal’s designee (“responsible administrator”) has decided to make a removal that constitutes a change in placement (generally, a change of placement takes place when a student is removed from school for more than ten (10) consecutive school days in a school year, or the student is removed for a series of shorter removals that constitute a pattern of behavior and amount to more than ten (10) school days), the responsible administrator will ensure that the parent is notified of the decision on the date on which the disciplinary action is taken and inform the parent of procedural safeguards.

In general, students with disabilities may be excluded from their programs for up to ten (10) school days per school year just as any other student. However, if Match seeks to make a removal which constitutes a change in placement, the student’s special education Individual Education Plan (IEP) or 504 Team must first conduct a manifestation determination by examining whether the student’s behavior was (1) caused by, or was directly and substantially related to the student’s disability or (2) was the direct result of Match’s failure to implement the student’s IEP or 504 Plan. To make the manifestation determination, Match, the parents, and the IEP or 504 Team will meet to review all relevant information in the student’s file within ten (10) school days of the decision to change the placement of a student with a disability due to misconduct.

If it is determined the behavior was not a manifestation of the student’s disability, Match may discipline the student just as it would any other student under the Student Discipline Policy.

If it is determined that the student’s conduct was a manifestation of the child’s disability, the IEP or 504 Team will conduct a functional behavioral assessment if one has not yet been conducted and develop a behavior plan (or review and modify an existing behavior plan and IEP or 504 Plan, if necessary), and return the student to the student’s current program, unless the student’s parents and Match agree to a change in placement.

In addition to the foregoing, if it is determined that the student’s conduct was a direct result of Match’s failure to implement the student’s IEP or 504 Plan, the Director of Special Education will implement a corrective action plan to ensure that such student’s IEP or 504 Plan is implemented in the future.

In the event a student possesses, uses, sells or solicits a controlled substance, possesses a weapon, or seriously injures another person, a special education student may be removed to an interim alternative educational placement for up to 45 school days regardless of the behavior’s relationship to the student’s disability. Hearing officers may also order the placement of a student in an appropriate interim setting for up to 45 days upon the determination that the current placement is substantially likely to result in injury to the student or others.

Services

In the event of a change in placement where the student’s behavior is determined to not be a manifestation of the student’s disability, or if a student has been removed for special circumstances related to drugs, weapons or serious bodily injury, Match will continue to provide the student with a free appropriate public education (FAPE) and, if

appropriate, conduct a functional behavior assessment and provide intervention services and modifications to prevent the conduct from recurring.

Appeals

If a parent disagrees with the IEP or 504 Team's decision on the manifestation determination or with a decision regarding placement, the parent has a right to request an expedited due process hearing from the Bureau of Special Education Appeals. If the parent chooses to appeal, the student remains in the disciplinary placement, if any, until the hearing officer orders otherwise or the time period for the disciplinary action comes to an end, whichever comes first, unless the parent and the school agree otherwise.

Reporting a Crime

Match may report a crime committed by a child with a disability to appropriate authorities, and subject to the Family Educational Rights and Privacy Act and state privacy and student records laws, shall ensure that copies of the special education and disciplinary records of the student are transmitted to the appropriate authorities for consideration.

Procedures for Students Not Determined Eligible for Special Education

If prior to the disciplinary action, Match had knowledge that the student may be a student with a disability, then Match will make all protections available to the student until and unless the student is subsequently determined not to be eligible. Match may be considered to have prior knowledge if:

1. Parent has expressed concern in writing to administrative personnel/child's teacher that child is in need of special education;
2. Parent has requested evaluation to determine eligibility for special education; or
3. Child's teacher (or other school personnel) has expressed specific concerns about pattern of behavior of child to the Special Education Director or supervisory personnel.

However, in the event that the parent has refused to consent to an evaluation by Match, has refused special education services, or if the child has been evaluated and determined to be ineligible for SPED, Match will not be considered to have prior knowledge.

If Match had no reason to consider the student disabled, and the parent requests an evaluation subsequent to the disciplinary action, Match will conduct an expedited evaluation to determine eligibility. If the student is found eligible, then the student will receive all procedural protections subsequent to the finding of eligibility.

EXHIBIT G

Student Records Policy For: MATCH CHARTER PUBLIC SCHOOL

Federal and state laws provide rights of confidentiality, access, and amendment relating to student records (as defined below) to students who are age 14 and older or who have entered ninth grade, whichever comes first (“eligible students”) or to parents/guardians of students under the age of 14 and who have not entered the ninth grade (“parents”). For purposes herein, “student records” shall be defined as a student’s transcript, temporary records, health and immunization records, and video surveillance footage to the extent such footage is used for the student’s disciplinary purposes. Copies of the applicable federal and state laws will be provided by Match Charter Public School (“Match”) upon request.

Access and Amendment

A parent (other than a non-custodial parent) or eligible student has a right to access, obtain a copy of, and seek an amendment to, a student’s records if the parent or eligible student believes them to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights. In order to obtain access, a copy or to seek amendment to student records, please contact the Principal or Executive Director in writing and such access will be provided as soon as practicable and within 10 days after the initial request. Upon request, the eligible student or parent may meet with professionally qualified school personnel and have any contents of the school record interpreted. If Match decides not to amend a student record as requested, the parent or eligible student may request a hearing. If, after the hearing, Match determines that the information in the student record is not inaccurate, misleading or otherwise in violation of the student’s privacy rights, it shall inform the parent or the eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why the parent or student, as applicable, disagrees with the decision of the agency or institution. Such statement will be maintained as part of the student record for as long as the record is maintained, and will be disclosed whenever Match discloses the portion of the record to which the statement pertains.

A non-custodial parent seeking access to student records must submit a written request to the Principal or Executive Director. The custodial parent will be immediately notified of the request and will have the opportunity to provide certain documentation (such as a court order) which would impact the non-custodial parent’s access to student records. Parents who have questions or concerns regarding access to records by non-custodial parent should contact the Principal or Executive Director for additional information.

Confidentiality

Release of student records generally requires consent of the parent or eligible student subject to certain exceptions. For example, Match employees (including administrators, supervisors, instructors, and support staff members), trustees, or individuals under contract with Match (including attorneys, auditors, medical consultants and therapists, and individuals assisting Match employees in performing their tasks) may access student records as needed to perform their duties without consent from an eligible student or a student’s parent. Match may also release a student’s complete student record to authorized school personnel of a school to which a student seeks or intends to transfer without further notice to or receipt of consent from, the eligible student or parent. In addition, Match may disclose student records without consent to state and local law enforcement officials and officials within the juvenile system in accordance with the law without a parent’s or eligible student’s consent. Additional instances where student records may be released without consent are set forth at 20 U.S.C. § 1232g(b), 34 CFR § 99.31 and 603 CMR 23.07(4).

Further, when the Department of Children and Families (DCF) has custody of a student, the DCF social worker assigned to the student will have access to that student’s student records of the same type and degree as parents

to online portals, distribution/ mailing lists, and other communication protocols used by Match to share education records and data about individual students. To the extent Match offers online access to student-specific data on attendance and education progress, such access will be extended to the DCF social worker, including providing such social worker with a user profile, login credentials, information on how to access the portal, and guidance on how to use the online system. Match will provide this access as soon as possible, ideally within five (5) working days, after Match's Foster Care Point of Contact receives the Notice to LEA form from the DCF social worker. Match's Foster Care Point of Contact will also work with DCF staff to facilitate access to any other school or teacher-specific online systems used to share information with parents. (Note that the parent will not lose access to these online systems unless there is a specific court order to this effect.) If there is a change of status of a student's custody, DCF will refile the Notice to LEA form, and Match will deactivate the DCF social worker's access to the student records.

Furthermore, Match may disclose directory information (as defined below) without notice or consent unless a parent or eligible student notifies the Principal in writing, within ten (10) calendar days of the receipt of this policy, that the parent or student, as applicable, objects to the release of any directory information (as defined below). For purposes herein, "directory information" is defined as a student's name, address (except for the address of a homeless student), telephone listing, email address, date and place of birth, major field of study, dates of attendance, weight and height of the members of athletic teams, grade level, participation in recognized activities and sports, honors and awards, and post-high school plans.

In addition, in accordance with M.G.L. c. 71, § 89(g), Match will release the names and addresses of students to a third party mail house upon the request of a school district, unless a parent or eligible student objects to such release by providing written notice to the Principal or Executive Director within ten (10) calendar days of the receipt of this policy.

Record Retention

A student's transcript will be maintained by Match for a period of 60 years following a student's graduation, transfer or withdrawal from Match. A student's temporary record shall be destroyed no longer than seven (7) years after the student withdraws, transfers or graduates from Match.

The score of any group intelligence test administered to a student shall be removed from the record of said student at the end of the school year in which such test was administered.

Upon a student's graduation, withdrawal or transfer from Match, Match will provide written notice to the eligible student and the student's parent of the approximate date of destruction of the student's temporary record and their right to receive the information in such record.

Complaint

Parents and eligible students have a right to file a complaint concerning alleged failures by a school to comply with the requirements of the student records laws and regulations with the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148. Complaints relative to federal statutes and regulations governing student records may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-4605.

Substance Use Prevention Policy for: MATCH CHARTER PUBLIC SCHOOL

Preface:

Match Charter Public School (“Match”) seeks to create and maintain a safe and supportive learning environment and recognizes that it has a unique and important opportunity to proactively prevent substance use and misuse. As such, Match will collaborate with relevant stakeholders, including parents/guardians, students, teachers, administrators, the Massachusetts Department of Elementary and Secondary Education (“DESE”) and the Massachusetts Department of Public Health (“DPH”), to provide its students with information on the dangers of opioid, alcohol, and other substance use and misuse, identify and support students who may be at risk for substance use and misuse, and to implement evidence-based, developmentally and culturally appropriate prevention programming. Match recognizes that collaborating with families and the community is essential for structuring comprehensive and multifaceted approaches to preventing substance use and misuse. This policy shall be reviewed on an annual basis.

Statement of Protocol:

The purpose of this policy is to outline prevention practices implemented at Match to decrease the likelihood that Match students will use or misuse dangerous substances and to identify any such use and misuse in the early stages, intervene effectively, and provide treatment and supportive resources to those students and families. The protocols detailed below shall at all times be subject to the Family Education Rights and Privacy Act (FERPA), the Massachusetts student records laws, the Health Insurance Portability and Accountability Act (HIPAA), and any other relevant federal or state law.

Administrative Guidelines:

Match shall review and update this policy as needed to reflect applicable research and best practices in accordance with MGL c. 71 s. 96 and s. 97 (as amended by St. 2016, c. 52, s. 15).

A. Educational Materials for Students and Families

- I. Health Educational Programing: Match will provide a high-quality and evidence-based health and wellness curriculum that will include developmentally appropriate and culturally competent information about the dangers of substance abuse for students in grades 5-12. Such programming may include topics such as:
 - a. The distinction between drug use and drug misuse/abuse;
 - b. negative effects of different types of drugs/substances;
 - c. factors that cause and affect addiction;
 - d. addiction’s effect on the body, the brain, and overall wellness; and
 - e. methods to treat and support individuals who are addicted to substances.

Match staff will discuss this policy with students and provide this policy to families on at least an annual basis.

- II. Opiate Misuse Prevention Materials for Student Athletes: Due to the risk of injury and the subsequent need for pain management, student athletes may be at increased risk for opioid misuse. As such, prior to the start of each sports season, Match will provide to athletes and athletes’ families with DPH-approved written education information on prescription opioid misuse prevention that is specific to athletics.
- III. Resources for Students, Parents and Staff: On its website and in this policy, Match will provide links to relevant information, resources and organizations related to substance use and abuse that may

be helpful for parents, students and staff. Match recognizes that families play a critical role in the prevention of substance use and abuse, and shall encourage parents to contribute to prevention efforts.

IV. Intervention: A combination of several of the following behaviors happening simultaneously, or if there is a sudden onset of these behaviors, or if they become extreme, it may be a signal that the student is involved in drug or alcohol use or misuse, and in such a case, these behaviors should not be overlooked as normal adolescent behavior:

- A change in mood (temper flare-ups, irritability, defensiveness)
- A change in academics (skipping school, low grades, disciplinary action)
- A change in behavior (suddenly avoids eye contact, makes secretive phone calls, disappears for periods of time)
- A change in friends and a reluctance to have parents/family get to know the new friends
- A "nothing matters" attitude (lack of involvement in former interests, general low energy)
- Physical or mental changes (periods of sleeplessness or high energy, memory lapses, poor concentration, lack of coordination, slurred speech, significant weight loss/gain, etc.)
- Money is missing, or objects have disappeared

Getting help early is essential to protecting students, and Match will work to establish relationships with providers to whom it can refer a student in need, and have readily available resources to offer parents/guardians. Treatment can be provided to individuals at any stage and at any age, and should be tailored to the unique needs of the individual.

V. Point of Contact: Match has designated the Mental Health Professionals at each school to be the primary point of contact and support for students who are considered to be at risk. Staff members parents and students should reach out to the Mental Health Professionals with any questions or concerns, or to learn more about available resources.

B. Professional Learning, Training and Referrals

I. Role of Staff: Match employs and contracts School-based Licensed Mental Health Professionals ("Mental Health Professionals") to provide services to students, as well as to provide trainings for staff for the variety of mental health problems that students can experience, including substance use. Given that Match staff members interact with students on a daily basis, they are often able to recognize changes in performance, demeanor, and/or appearance that may indicate that a student may be at risk for, or is already, using or experimenting with substances. Staff members will work together with Mental Health Professionals to collaborate with parents, families and the community to support students who are using or misusing, or are at risk of using or misusing, substances.

II. Training. Match provides a tiered system of support and training so that all school staff are informed about Match's policies, procedures and protocols for prevention, intervention, and follow-up when responding to substance use and misuse. Mental Health Professionals and/or school nurses will provide this training annually. Topics to be covered in training include the early warning signs and behaviors that indicate a student may be experiencing substance use problems, school-based referral systems, and related protocols. Additional professional development opportunities will be made available to staff who are directly responsible for implementing these supports with students. Staff who implement substance use prevention curricula and who conduct verbal screenings will undergo ongoing continuous training and professional development on implementing evidence-based programs and effective strategies for preventing substance use.

- III. Referrals and Collaboration: School leaders and Mental Health Professionals will facilitate referrals to community behavioral health providers for the variety of mental health issues that students experience, including substance use or misuse and co-occurring disorders, as necessary. Professional best practices should be followed related to communication between staff, parents/guardians, students, and outside providers, as well as for ongoing monitoring and re-entry to school plans, if required.

C. Substance Use Prohibition

- I. Alcohol, Tobacco and Drug Use: A student shall not, regardless of the quantity, use, consume, possess, distribute or display away any beverage containing alcohol, any tobacco or nicotine product or tobacco or nicotine paraphernalia (including nicotine delivery systems such as vaporizers and e-cigarettes), marijuana or marijuana-derived products, opioids, steroids, or any other controlled substance on or within 500 feet of Match property or at any school-related function or off-campus school-sponsored event or extracurricular activity such as field trips or sporting events. Additionally, any student who is under the influence of drugs or alcoholic beverages while in attendance at school or participating in a school-sponsored event or activity will be subject to disciplinary action in accordance with all applicable Match policies and procedures (including, without limitation, the Code of Conduct and the Student Discipline Policy).

d. Verbal Screening Tools

Match will use a verbal screening tool to screen students for substance use disorders in accordance with Mass. General Laws chapter 71, section 97 (as amended by St. 2016, c.52, s.15). In connection with the screening tool, Match will:

- I. Conduct screening on an annual basis for students in Grades 7 and 9;
- II. Notify parents of students who will be screened before the school year in which screening takes place starts; and
- III. Permit a student or a student's parent to opt out of the screening at any time by providing written notification to the building principal.

Match school nurses and/or Mental Health Professionals will attend training to properly administer these tools.

Any statement, response or disclosure made by a student during a verbal screening shall be confidential and shall not be disclosed by the person conducting the screening to any other person without the prior written consent of the pupil or parent/guardian, except in the case of immediate medical emergency or if disclosure is otherwise required by law. If given, such consent will be documented on the appropriate DPH form and shall not include any information which identifies the student.

Title I Family Engagement Policy for MATCH CHARTER PUBLIC SCHOOL

Strong relationships with families are a fundamental aspect of the Match Charter Public School (“Match”) program. Families/guardians are involved in the development of our family engagement policy through Family Council meetings and school review and improvement. At an annual meeting, families/guardians are informed of our school’s participation in Title I and are told of the requirements and their right to be involved. They are involved in the planning, implementation and review of Title I programs, including the development and revision of the family engagement policy and the schoolwide program plan. Families are given the opportunity to be meaningfully involved in conducting an annual evaluation of the effectiveness of the family engagement policy in improving the academic quality of the school, and to design strategies for more effective family involvement. For Family Council meetings throughout the year, Match may use Title I funds to provide families with child care, transportation, home visits or other necessary related services.

Match families/guardians are provided with timely information about Title I programs, including the school’s curriculum, the academic assessments used to measure student progress and the expectations for student performance through culturally sensitive and multilingual communications. Strong family involvement is expected and encouraged. Effective family involvement activities are planned and implemented, and opportunities are made in Family Council meetings for families to formulate suggestions and to participate in decisions relating to the education of their children. Match takes steps to respond to suggestions made by families as soon as feasible.

Families are surveyed annually about the content and effectiveness of the family engagement policy in improving the academic quality of our school. Among other metrics, the evaluation will seek to identify and address barriers to greater participation by families/guardians, identify what families/guardians are currently providing for their student’s learning (including how families engage with school staff), and incorporate effective engagement strategies into all systems and services to support successful school and family/guardian interactions. Families are given the opportunity to identify issues and to give open-ended feedback and suggestions for more effective parental involvement. Survey results are reviewed by administrators, who then design evidence-based strategies and develop, review, revise and establish new practices and policies for more effective family engagement practices, if needed, based on the annual evaluation.

This policy is made available to the local community and is reviewed annually and updated as needed to meet all of the changing needs of families and our school.

School-Family Compact

Families/guardians, the entire school staff and students share responsibility for improved student academic achievements, and the school and families/guardians will work together to develop a partnership to help student achieve high standards. To this end:

- Match provide high-quality curriculum and instruction in a supportive and effective learning environment and to help students meet the state’s academic standards
- Families/guardians play an essential role in supporting their student’s learning, volunteering in the student’s classroom, and participating in decisions relation to their student’s education
- Match educates all school staff on the value of family engagement practices and adopting a strengths-based approach to building a respectful, trusting and reciprocal relationship by recognizing the strengths of families; acknowledging, respecting, and learning from individual and group differences; considering family preferences while adapting practices; sharing decision making with family members and guardians; and approaching families/guardians as equal and reciprocal partners

- Ongoing communication between teachers and families/guardian is a critical element for students to achieve high levels of achievement. This is accomplished through:
 - Annual family/guardian-teacher conferences where their student’s achievement is discussed.
 - Regular reports to families/guardians on their student’s progress.
 - Families/parents having reasonable access to staff, opportunities to volunteer and participate in their student’s classroom, including observation of classroom activities.
 - Families/guardians are given the phone numbers and email addresses of administrators and teachers.
 - Families/guardians who wish to be involved in our school are welcome to participate in decision making, planning and evaluation of our schoolwide Title I program.

Families’ Right-to-Know

Families/guardians have the legal right to request information from Match regarding the professional qualification of their children’s classroom teachers, including:

1. Whether the teacher has met the Commonwealth of Massachusetts qualification criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which the Commonwealth of Massachusetts qualification criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Match shall provide to each individual family/guardian:

- information on the student’s level of achievement and academic growth in each of the state academic assessments, as required under Title I, and
- timely notice that the student has been taught for four or more consecutive weeks by a teacher who does not meet state licensure requirements.

EXHIBIT M
Sexual Harassment/Title IX Policy for
MATCH CHARTER PUBLIC SCHOOL

Introduction

Title IX of the Education Amendments Act of 1972 and various state and federal laws protect all students and school employees from sex-based harassment that occurs during an educational activity, regardless of the sex of the parties. In school systems, sexual harassment may cross many lines, and may involve staff member and staff member, staff member and student, student and student, third party and staff member, or third party and student. All students and school employees can experience sex-based harassment, including male and female students/employees, LGBT students/employees, students/employees with disabilities, and students/employees of different races, national origins, and ages.

Any person who believes that a student, teacher, administrator, other school personnel or third party has engaged in conduct prohibited by this policy, whether such conduct has been directed at the person or some other person, should report the alleged prohibited conduct as soon as possible to the appropriate Match Charter Public School (hereinafter “Match”) official (as designated by this policy) verbally or in writing. Nothing in this policy shall prevent any person from reporting alleged prohibited conduct to a different Match employee than the one designated in this policy.

Policy Statement

Match does not discriminate against individuals on the basis of sex, or any other category protected by state and federal law, in the administration of its educational and employment policies, and in its administered programs and activities, and provides equal access to all designated youth groups. Match is committed to maintaining an educational and work environment free from all forms of discrimination, including sexual harassment and retaliation.

Goals

Match is committed to providing equal educational opportunities and a safe learning and workplace environment free from discrimination, including sexual harassment and retaliation. Match will not tolerate any form of discrimination, including sexual harassment and retaliation, within the school community. Match will promptly and fairly investigate and respond to all allegations and complaints of sexual harassment and retaliation. During the investigation process, Match will provide equitable treatment to complainants and respondents, ensure objective evaluation of all relevant evidence, and designate investigators and decision makers who are free from bias or conflict of interest. Following an investigation where it is determined that sexual harassment has occurred, Match will take prompt, appropriate disciplinary, corrective and remedial measures necessary to ensure a safe and equitable learning and workplace environment for all school community members.

Definitions

Title IX identifies three separate types of conduct that would constitute “sexual harassment”:

- An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual’s participation in unwelcome sexual conduct (“quid pro quo harassment”);
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity (“hostile environment harassment”); or

· “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

Examples of unwelcome conduct that may establish a hostile environment include but are not limited to unwelcome sexual advances; requests for sexual favors; verbal, nonverbal or physical conduct of a sexual nature; sex discrimination; threats of violence; and/or physical assault.

The following additional definitions apply:

“Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to any employee of Match, except that this standard is not met when the only official of Match with actual knowledge is the respondent (where the respondent is an employee). Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. Complaints will be addressed whenever Match has actual knowledge of the allegation.

“Administrative leave” means placing an employee on leave pursuant to state law. Nothing in the Title IX regulations precludes a recipient from placing a non-student employee respondent on administrative leave during the pendency of a grievance process, provided that Massachusetts laws are followed.

“Consent” means cooperation in act or attitude pursuant to an exercise of free will of a conscious person with informed knowledge of the nature of the act or actions. A current or previous relationship shall not be sufficient to constitute consent. Consent will not be found when submission to the act or actions is undertaken due to the influence of fear, fraud, forcible compulsion, threats, and/or the complainant possessed any legal incapacity to consent at the time of the act or actions. Consent is a defense to all types of sexual harassment.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Deliberate indifference” means a response to sexual harassment that is clearly unreasonable in light of the known circumstances.

“Emergency removal” means the suspension or expulsion of a student on an emergency basis, consistent with state law. Nothing in the Title IX regulations precludes Match from removing a respondent from Match’s education program or activity on an emergency basis, provided that Match follows all procedures under Massachusetts law, undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

“Formal complaint” means a document filed by a complainant (or the complainant’s parent or guardian if the complainant is a student) or signed by the Title IX Coordinator alleging sexual harassment and requesting that Match investigate the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient’s educational environment or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and

monitoring of certain areas of the campus, and other similar measures. Match must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Application of Title IX/Sexual Harassment Policy

To be covered by Title IX, the sexual harassment must have occurred in the school's education program or activity and the complainant must have been participating in or attempting to participate in an education program or activity at the school at the time the complaint is filed. The complainant must also have been in the United States when the conduct occurred.

Match will investigate all allegations of sexual harassment of which it has actual knowledge and which are alleged to occur in the school's programs and activities, including locations, events, and/ or circumstances in which the Match exercises substantial control, in accordance with this policy and in a way that is not deliberately indifferent.

While Title IX covers the above-described definition of "sexual harassment", Match recognizes that the Title IX standard does not capture all conduct that amounts to sexual harassment under school policy and other state and federal laws. Therefore, while Match prohibits "sexual harassment" as defined by Title IX, it also prohibits sexually harassing conduct that may fall outside of Title IX's definition and includes other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, or humiliating to students or employees.

If Match determines that the alleged conduct falls outside of Title IX's scope but still constitutes sexual harassment under other school policies, Match will implement appropriate remedial and/or disciplinary action in accordance with those policies.

Please note that incidents of sexual harassment may constitute child abuse under state law and may also violate criminal laws. Match will also comply with all legal requirements governing the reporting of suspected cases of child abuse and criminal violations to the appropriate authorities, including the Department of Children and Families, and Match's Child Abuse and Neglect Policy.

Complaint and Reporting Process:

For allegations of sex-based discrimination, including sexual harassment, sexual violence, and gender-based harassment by a Match employee or volunteer, another student at Match or a third party, immediately report the incident to Match's Title IX Coordinator. The Title IX Coordinator's contact information is as follows:

Michael Kerr, Deputy Executive Director and Title IX Coordinator, 215 Forest Hills Street, Jamaica Plain, MA 02130, (718) 614-9943, TitleIXCoordinator@matcheducation.org.

Nothing in this policy shall prevent any person from reporting alleged prohibited conduct to a different Match employee than the one designated in this policy. Employees who receive a report must immediately notify the Title IX Coordinator.

Upon receiving actual notice of alleged sexual harassment, all non-student members of the Match community (including Match board members, administration, faculty, staff, volunteers in schools and/or parties contracted to perform work for Match, subject to school authority) must notify the Title IX coordinator as soon as practicable, but no later than 24 hours after becoming aware of the incident. Failure to comply with this mandatory reporting requirement or this Protocol may lead to disciplinary action.

The Title IX Coordinator, and/or designated school administrator and/or employee, must then contact the complainant within two days of receiving the complaint and do the following:

- Promptly offer and discuss supportive measures with the complainant.

- Consider the complainant's wishes with respect to supportive measures;
- Explain that supportive measures may be received with or without filing a formal complaint;
- Explain the process of filing a formal complaint and determine whether the complainant wishes to file a formal complaint; and
- Explain to the complainant the purpose of filing a formal complaint.

The Title IX Coordinator must document in writing the supportive measures offered/provided or why no supportive measures were offered/provided. Complainants and respondents must be offered supportive measures even if they do not file a formal complaint.

If the complainant declines to file a formal complaint, the Title IX Coordinator must consider whether to sign a formal complaint and start an investigation despite the complainant's preferences. This decision may be appropriate when safety or similar concerns lead Match to conclude that a non-deliberately indifferent response to actual knowledge of Title IX sexual harassment could reasonably require Match to investigate and potentially sanction a respondent. A Title IX Coordinator's decision to override the complainant's decision not to file a formal complaint must be documented in writing along with an explanation of why this decision was necessary in order to avoid deliberate indifference. If a formal complaint is not made, Match may still investigate the report of sexual harassment in accordance with its Harassment and Discrimination Policy, taking the complainant's wishes into consideration.

Formal complaints may also be filed directly with the Title IX Coordinator by a complainant in person, by mail, by email, or by telephone at any time, including during non-business hours.

The complaint may be written by the complainant, or it will be reduced to writing by either the school employee who receives the complaint, the building principal, or the Title IX Coordinator. Whether the complaint is reduced to writing by a student, parent, or staff member, the written complaint should include the name of the complainant, the name of the alleged victim (if different), the name of the respondent, the location of the school/department where the alleged discriminatory action occurred, the basis for the complaint, witnesses (if any), and the corrective action the complainant is seeking. This information will be made on or transferred to a discrimination/ harassment complaint form maintained by Match.

There is no time limit or statute of limitation on timing to file a formal complaint. However, at the time of filing a formal complaint, an alleged victim must be participating or attempting to participate in a program or activity of Match. Additionally, Match has discretion to dismiss a formal complaint where the passage of time would result in Match's inability to gather evidence sufficient to reach a determination regarding responsibility, or when Match loses responsibility for the respondent (e.g., the respondent no longer attends or is employed by Match).

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved, did not occur in Match's education program or activity, or did not occur against a person in the United States, then Match must dismiss the formal complaint under these procedures, but could investigate it under other policies and procedures. Match will send written notice of any dismissal.

Written Notice of Formal Complaint

Upon receiving a formal complaint of sexual harassment, Match will provide the complainant and the respondent written notice of the allegations, the grievance process, the appeal process, available supportive measures, and possible disciplinary sanctions and remedies. The written notice will also include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice must inform the parties that the Match's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If additional allegations are added during the course of the investigation, additional written notice must be provided.

Informal Resolution

Where appropriate, and only after a formal complaint has been filed and written notice has been issued, the Title IX Coordinator should also consider offering the parties an option for informal resolution (e.g., mediation). Participation in an informal resolution process may only occur where both parties give voluntary, informed, written consent to attempt informal resolution, and either party has the right to withdraw from the informal process at any time. The informal complaint option is not available for reports of employee-on-student sexual harassment; in this context a formal investigation is required. Where an informal resolution process is agreed to, it will be facilitated by a facilitator designated by the Title IX coordinator who does not have a conflict of interest and/or bias for or against complainants or respondents and who has received proper training.

Informal resolution is entirely voluntary. Parties may elect to pursue formal procedures and decline informal resolution at any step in the process, even if informal resolution has already begun.

If the parties are not satisfied with the resolution from the informal process, or if the complainant does not choose informal resolution, then the complainant can begin the formal complaint procedure described below.

Investigation

If informal resolution is not offered to or accepted by the parties, the Title IX Coordinator will designate an investigator and a decision maker, who may not be the same person.

All formal complaints will require a full investigation in accordance with the Title IX grievance process. For formal complaints of sexual harassment, the investigator will conduct and complete a thorough and impartial investigation into the reported conduct within a reasonably prompt timeframe, with delays for good cause only. Good faith efforts will be made to complete the investigation within fifteen (15) school days of the initiation of the formal complaint, except for good cause, as documented in the investigation file. Where feasible, the formal process will be completed within a ninety (90) day timeframe from the date a formal complaint is filed with Match. There may be a temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Gathering Evidence

The investigation will include personal interviews with the complainant(s), the individual(s) against whom the complaint is filed, and others who have knowledge of the alleged incident(s) or circumstance(s) giving rise to the complaint. The investigation may also consist of other methods deemed pertinent by the investigator, including but not limited to gathering physical evidence. The investigator will find facts and make determinations related to credibility, all of which will be incorporated into a written report. The investigator must avoid all questions that are protected by legal privilege, unless the privilege has been waived, and should avoid asking about the complainant's sexual history unless it is directly relevant to prove consent to the conduct at issue or to prove that the conduct was committed by someone other than the respondent.

Match will keep confidential the identity of complainants, respondents, and witnesses, except as may be permitted by FERPA, as required by law, or as necessary to carry out a Title IX proceeding.

For Title IX purposes, if a student requests that the student's name not be revealed to the alleged perpetrator, honoring the request may limit Match's ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator. Title IX includes protections against retaliation, including retaliatory

actions taken by the school and school officials, and school officials will not only take steps to prevent retaliation but will also take strong responsive action if it occurs. Confidentiality concerns should be brought to the attention of the Title IX Coordinator, whose contact information is provided above, and/or the principal of your school building.

Match has the burden of gathering the evidence, not the parties. However, parties may gather and present evidence of their own. All parties will be provided with an equal opportunity to review and respond to evidence gathered during the investigation.

All parties whose participation is invited or expected will be provided with written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings with a party, with sufficient time for the party to prepare to participate.

All parties will be provided with the opportunity to be accompanied to any related meeting, interview or proceeding by an advisor of their choice, who may be, but is not required to be, an attorney.

Match will not require, allow or rely upon privileged information, unless privilege is waived in writing by the holder.

All parties will be provided with an equal opportunity to review and respond to evidence gathered during the investigation. Prior to completion of the investigative report, Match will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have ten (10) days to submit a written response to the evidence, which the investigator will consider prior to completion of the investigative report.

· Investigative Report & Written Questions

Upon its completion, the parties will be provided with a copy of the investigative report for their review and, if desired, submit a written response. Written responses from the parties will be required within ten (10) days of receipt of the investigative report and will be incorporated into the investigative report.

After the parties' responses to the investigative report, if any, have been incorporated into the investigative report, but prior to reaching a determination regarding responsibilities, the decision-maker(s) – who will not be the same person(s) as the investigator and/or Title IX coordinator – will afford each party the opportunity to submit written questions for the other parties and witnesses to answer, provide each party with the answers, and allow for additional, limited follow-up questions from each party. If any questions are determined not to be relevant, the decision-maker may exclude the questions and will explain to the party proposing the questions any decision to exclude questions as not relevant. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

· Written Determination & Standard of Evidence

After this process, the decision-maker will issue a written determination simultaneously to the parties regarding whether sexual harassment has occurred using a preponderance of the evidence standard, as it does for all conduct code violations that do not involve sexual harassment but carry the same maximum disciplinary sanctions. Resolution proceedings are conducted to take into account the totality of all evidence available, from all relevant sources.

A "preponderance of the evidence" means that it is more likely than not that the alleged conduct occurred. The decision-maker shall further recommend what action, if any, is required. If it is determined that sexual harassment

occurred, Match will take steps to prevent the recurrence of the harassment and correct its discriminatory effect on the complainant and others if appropriate. Such remedies may include supportive measures.

The written determination must be issued to both parties simultaneously and must include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, etc.;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the recipient's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the complainant; and
- Match's procedures and permissible bases for the complainant and respondent to appeal (a copy of, or direct reference to, this policy will suffice).

Disciplinary Action, Corrective Action, and Remedial Measures

If the respondent is ultimately found responsible, the complainant will be made aware of any sanctions imposed on the respondent that directly relate to the complainant. The respondent will not be notified of individual remedies offered or provided to the complainant. If the respondent is ultimately found responsible, Match will effectively implement remedies for the respondent, complainant and where appropriate, for the broader student population. The remedies will be designed to restore or preserve equal access to the educational program or activity for a complainant, end the harassment, eliminate the hostile environment, prevent its recurrence, and remedy its effects. Remedies may include, but are not limited to, disciplinary sanctions against the respondent, up to an including termination and/or expulsion (subject to state law and the Student Discipline Policy), counseling for the respondent, an escort for the complainant, ensuring that complainant and respondent do not share classes or extracurricular activities, providing comprehensive victim services, training or retraining school employees, changes to Match's policies and/or services, etc. Any disciplinary action will be in accordance with due process rights under State law.

As indicated above, these procedures do not limit Match from removing a student or employee from a program or activity on an emergency basis based on immediate threats to people's physical health or safety or placing an employee on administrative leave during the pendency of the investigation.

Appeal Process

Parties may appeal the decision issued as a result of the investigation, or from Match's dismissal for a formal complaint or any allegations therein to the Board of Trustees, within fifteen (15) school days of receipt of the findings of the formal procedure or a dismissal. The decision-maker(s) for the appeal will not be the same person as the decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), and/or the Title IX Coordinator. Parties may appeal on the basis of procedural deficiencies; bias or conflict of interest; newly discovered evidence; and/or other good cause.

Match will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. Both parties will have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The appeal decision-maker will review the comprehensiveness and accuracy of the investigation and the conclusions, and issue written findings to both the complainant and respondent within thirty (30) school days of the appeal.

Training

Match will ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the recipient's education program or activity, how to conduct an investigation and grievance process including hearings, evidence, credibility, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Match will ensure that decision-makers receive training on any technology to be used in interviews and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Match also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment. These training materials will be posted on Match's website.

Records

A record will be maintained for a period of seven (7) years of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment and Match staff will document the basis for Match's conclusion that its response was not deliberately indifferent.

Referral to Law Enforcement, Other Agencies

Some alleged conduct may constitute both a violation of Match policies and criminal activity. The Title IX Coordinator or designee will refer matters to law enforcement and other agencies as appropriate under the law or Match policy, and inform the complainant/alleged victim of the right to file a criminal complaint.

Retaliation

Retaliation against an individual who has brought good faith allegations of sexual harassment to the attention of Match or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by Match. If a student/employee believes that the student/employee has been retaliated against in connection with any good-faith report of inappropriate conduct or harassment, the student/employee should immediately report such conduct to the Title IX Coordinator. The Title IX Coordinator and/or designee will investigate reports of retaliation and, where retaliation is found, take separate remedial and disciplinary action.

In addition to the above, if you believe you have been subjected to unlawful harassment and/or retaliation you may file a complaint with either or both of the following local government agencies. Each of the agencies has a short time period for filing a claim.
